## 6. Results annexes

### 6.1. Methodological basis for selected results reported against the EU Results Framework and the IPA Performance Framework

This is the second year of financial execution of the Neighbourhood, Development and International Cooperation Instrument-Global Europe (NDICI-Global Europe) which is implemented by Directorates-General INTPA, NEAR and FPI. The main tool for monitoring and reporting results to be achieved by NDICI-Global Europe is the Global Europe Results Framework (GERF)<sup>219</sup>, which was launched in 2022. It is also the second year of implementation of the Instrument for Pre-accession (IPA III), whose tool for monitoring and reporting results is the IPA III Results Framework<sup>220</sup>, also launched in 2022. IPA III is implemented by DG NEAR. Because it takes time for results to materialise, there are no results to report yet for NDICI-Global Europe and IPA III.

By the same token, results achieved with the instruments financed by the 2014-2020 Multiannual Financial Framework (MFF) will continue to materialise for some years still. These results continue to be reported upon using the EU Results Framework (EURF)<sup>221</sup> for non-Neighbourhood and Neighbourhood regions, and the Instrument for Pre-accession Performance framework (IPA PF) for the Enlargement region, which were introduced in 2018 for that purpose.

This annex describes the methodological basis for results presented in the sections ‘Selected Results’ of chapter 3 and in this annex.

#### 6.1.1. Coverage of the corporate results framework

##### *EU RF and GERF*

It follows that chapter 3 of the present Annual Report includes results from the EURF, covering ongoing or closed EU-funded interventions that started between January 2014 and 31 January 2022. Specifically, chapter 3 draws upon indicators included in level 2 of the framework, as explained below.

Table 2 in the present chapter presents the new GERF indicators and their progress at the end of year 2 of implementation (financial execution) of NDICI-Global Europe. As explained above, no operational results have materialised due to the time required for results to occur. Therefore, all indicators report zero results.

##### *IPA PF*

Chapter 3 of the present Annual Report includes results from the IPA PF, covering ongoing or closed EU-funded interventions that started between January 2014 and 31 January 2022. Chapter 3 draws upon indicators included in level 2 of the framework, as explained below.

---

<sup>219</sup> SWD(2022) 22 final of 25 January 2022.

<sup>220</sup> SWD(2022) 445 final of 20 December 2022.

<sup>221</sup> European Commission’s Staff Working Document (SWD)(2018) 444, ‘A revised EU international cooperation and development results framework, the Sustainable Development Goals of the 2030 Agenda for Sustainable Development and the New European Consensus on Development’.

## 6.1.2. Structure of the corporate results framework

### *EU RF and GERF*

Both corporate results frameworks are structured around three levels of results. At the core of the framework, a set of respectively 30 (EURF) and 36 (GERF) indicators at output and outcome level (Level 2) measure results achieved by EU-funded projects and programmes.

**Level 1** corresponds to development progress in partner countries; that is, the medium- and long-term development impact achieved in partnership and collaboration with others. Impacts reflect the operational context in which EU external assistance is provided.

Data source Level 1: Internationally available indicators, as much as possible from the SDG database.

**Level 2** focuses on development outcomes and outputs to which EU-funded interventions contribute in collaboration with partner governments and other funding providers. In line with the principles of aid effectiveness and effective development cooperation that emphasise partnerships and country ownership, results at this level are presented on a contribution basis. Rather than results being based on the share of funding provided by the EU, they represent the combined efforts of a variety of partners, including the EU, Member States, partner country governments and public institutions, local communities, international finance agencies, CSOs, non-profit entities and private companies. Data collection is guided by specific methodological notes<sup>222</sup>.

Data source Level 2: Results data are drawn from the reports of EU implementation partners (i.e., partner countries, international organisations, Member States' development agencies, international financial institutions and NGOs).

**Level 3** focuses on the mainstreaming of policy priorities, as measured by budgetary commitments directed at specific cross-cutting issues (e.g., human development, gender, or nutrition), and focuses on organisational financial data. Some of the indicators have organisational targets.

Data source level 3: Internal financial monitoring systems.

### *IPA PF*

The IPA PF is also structured around three levels of results. At the core of the framework, a set of 36 indicators at output and outcome level (Level 2) measure results achieved by EU-funded projects and programmes.

**Level 1** corresponds to development progress in IPA beneficiaries; that is, the medium- and long-term development impact achieved in partnership and collaboration with others. Impacts reflect the operational context in which EU external assistance is provided.

**Level 2** focuses on development outcomes and outputs to which EU-funded interventions contribute to in collaboration with partner governments and other funding providers. In line with the principles of aid effectiveness and effective development cooperation that emphasise partnerships and country ownership, results at this level are presented on a contribution basis. Rather than results being based on the share of funding provided by the EU, they represent the combined efforts of a variety of partners, including the EU, Member States, partner country governments and public institutions, local

<sup>222</sup> Methodological notes are available online <https://europa.eu/capacity4dev/eu-rfi>

communities, international finance agencies, CSOs, non-profit entities and private companies. Data collection is guided by specific methodological notes<sup>223</sup>.

Data source Level 2: Results data are drawn from the reports of EU implementation partners (i.e., partner countries, international organisations, Member States' development agencies, international financial institutions and NGOs).

**Level 3** focuses on the mainstreaming of policy priorities, as measured by budgetary commitments directed at specific cross-cutting issues (e.g., human development, gender), and focuses on organisational financial data. Some of the indicators have organisational targets.

Data source level 3: Internal financial monitoring systems.

## 6.2. Level 2 indicators: Reporting on partner country results supported by the EU (EU RF and IPA PF)

### *EU RF*

**Selection criteria:** Results were collected from a set of ongoing and completed interventions<sup>224</sup> that started between 1 January 2014 and 31 January 2022, with an EU contribution of EUR 750 000 or more. This year over 4 000 projects and programmes reported latest results information, out of which 1 900 projects and programmes contributed to at least one of the corporate indicators. The sample of ongoing interventions continues to expand over time.

As in previous years, the results reported cannot be interpreted as providing a full picture of the interventions financed by the EU in the countries concerned.

**Methodology notes for EU Results Framework indicators:** Methodology notes are available for each EU Results Framework indicator to ensure that data from the various reporting sources could be aggregated consistently. These notes provide definitions and data sources clearly explaining what type of interventions should be included when reporting against an indicator. These notes, for both the original and the revised results frameworks, can be found at <http://capacity4dev.ec.europa.eu/eu-rfi>.

**Data:** As mentioned in Annex 1, results data is drawn from the reports of EU implementation partners (i.e., partner countries, international organisations, Member States' development agencies, international financial institutions and NGOs). These organisations use data collected from a variety of sources, such as the management information system of partner countries, the individual project monitoring frameworks of implementation partners and representative surveys.

**Reporting:** The 2018-2022 figure reports a cumulative number, including results reported since the the 2018 results reporting exercise. The numbers are cumulated with careful consideration of potential double counting across projects and programmes and across years. The approach taken is to err on the side of safety, so any potentially double counted results are excluded from the results reported.

---

<sup>223</sup> Methodological notes are available upon request.

<sup>224</sup> The interventions considered were financed using the following instruments: the European Development Fund (EDF); the Development Cooperation Instrument (DCI); the programmable part of the Instrument contributing to Stability and Peace (IcSP) under Art. 5; the European Instrument for Democracy and Human Rights (EIDHR); the Instrument for Nuclear Safety Cooperation; the Instrument for Greenland; and the European Neighbourhood Instrument (ENI).

A common feature of all Level 2 indicators is that the results reported have been calculated using a contribution-based approach. This means that where an intervention has been financed by the EU jointly with other funders – such as partner country governments or other donors – the overall results of the collective effort are reported, rather than those linked to the share of funding provided by the EU specifically.

EU RF indicator 2.30 ‘Number of countries supported by the EU to strengthen revenue mobilisation, public financial management and/or budget transparency’ is an exception in terms of scope and data collection. In addition to the interventions included in the exercise, this indicator draws on all countries with an ongoing EU budget support contract.

EU RF indicators 2.9 ‘Number of individuals with access to electricity with EU support through a) new access, b) improved access’, 2.10 ‘Renewable energy generation capacity installed with EU support (MW)’ and 2.21 ‘Greenhouse gas emissions avoided with EU support (tonnes CO<sub>2</sub>eq)’<sup>225</sup> also include reporting by the EU–Africa Infrastructure Trust Fund (EU-AITF). EU RF 2.9 reports inferred figures, which were calculated using the KfW model for estimating access using electricity generation capacity. EU RF 2.10 and EU RF 2.21 report expected results.

Given its use in the Gender Action Plan III (GAP III), the new GEF indicator 2.37 ‘Number of people benefitting from EU-funded interventions to counter sexual and gender-based violence’ is already reported upon.

**Results by sex of beneficiaries:** The SWD(2018) 444 mentions that, where possible, results are to be disaggregated by sex. Where this disaggregation has not been provided, it is either because this was not relevant for the indicator in question (e.g., EU RF 2.4 ‘Agricultural and pastoral ecosystems where sustainable management practices have been introduced with EU support’) or because the data were not available. Due to data availability at intervention level, the sum of sex-disaggregated results may not equal the total results figures.

**Results by country:** When presenting results broken down by country, figures are reported according to the country where the result was achieved. While efforts have been made to capture this detailed level of reporting as far as possible, data were not always available at this level; for example, in the case of multi-country regional interventions where country-level results were not reported.

Where the EU has funded interventions in overseas countries and territories, results achieved are reported at this level. This approach is also taken where EU RF indicators measure the number of countries supported in a specific sector.

**Rounding of figures:** The results estimates have been rounded using the following method:

- Estimates of 10 000 or more – rounded to the nearest 1 000;
- Estimates between 1 000 and 10 000 – rounded to the nearest 100;
- Estimates between 100 and 1 000 – rounded to the nearest 10;
- Estimates that are less than 100 – no rounding.

**Quality:** The data are subjected to an extensive quality assurance process to ensure that:

- The data sources are reliable;

---

<sup>225</sup> Methodology for this indicator can be found here:

[https://capacity4dev.europa.eu/sites/default/files/media/2.21\\_-\\_ghg\\_emissions\\_avoided\\_10-2019.pdf](https://capacity4dev.europa.eu/sites/default/files/media/2.21_-_ghg_emissions_avoided_10-2019.pdf)

- The link between the indicators from the monitoring system of the intervention and the indicators from the EU RF is robust; and
- The individuals who have benefited from the same intervention over different years, and/or from different interventions ending and/or ongoing in the same year, are only counted once.

However, given the great variety of data sources used, the data quality may vary.

**Joint reporting with EU Trust Fund for Africa interventions:** As part of the 2018 revision of the results framework, efforts have been made to harmonise indicator methodologies to enable joint reporting with other monitoring systems. Four indicators can be reported together with results from EU Trust Fund for Africa (EU TF) interventions. Thus, in addition to the figures collected through the EU RF, reporting includes figures reported through the EU TF. The EU RF indicators that feature data via joint reporting are:

- EU RF 2.15 Number of people who have benefited from institution- or workplace based vocational education and training (VET)/skills development interventions supported by the EU (window: Horn of Africa, Sahel and Lake Chad);
- EU RF 2.17 Number of migrants, forcibly displaced people or individuals from host communities protected or assisted with EU support (windows: Horn of Africa, Sahel and Lake Chad, North of Africa);
- EU RF 2.18a Number of migration management or forced displacement strategies or policies: a) developed/revised (window: North of Africa); and
- EU RF 2.29 Number of state institutions and non-state actors supported on security, border management, countering violent extremism, conflict prevention, protection of civilian population and human rights (window: North of Africa).

#### *IPA PF*

**Selection criteria:** Results were collected from a set of ongoing and completed interventions<sup>226</sup> that started between 1 January 2014 and 31 January 2022, with an EU contribution of EUR 750 000 or more. This year, over 364 projects and programmes reported latest results information, out of which 102 projects and programmes contributed to at least one of the corporate indicators. The sample of ongoing interventions continues to expand over time.

The total EU allocation for the interventions that were able to report against the IPA PF indicators was EUR 1 437.3 million. Of this amount: 29 % in the competitiveness area (business policy and administration, small and medium-sized enterprises, job creation); 14.7 % was allocated to water and sanitation utilities; road infrastructure and urban development; 14 % was allocated in the area of public administration reform (public sector policy and administrative management, public finance management and decentralisation and support to subnational government areas); 13.9 % was allocated to human rights, equality, and refugee support (health, education, inclusivity); and 12.9 % was allocated to legal and judicial development, rule of law (security system management and reform, and anticorruption).

As in previous years, the results reported cannot be interpreted as providing a full picture of the interventions financed by the EU in the countries concerned.

**Methodology notes for IPA Performance Framework indicators:** Methodology notes are available for each IPA Performance Framework indicator to ensure that data from the various reporting sources

---

<sup>226</sup> Financed by the Instruments for Pre-Accession I and II.

could be aggregated consistently. These notes provide definitions and data sources clearly explaining what type of interventions should be included when reporting against an indicator. These notes are available upon request.

**Data:** As mentioned in Annex 1, results data is drawn from the reports of EU implementation partners (i.e., partner countries, international organisations, Member States’ development agencies, international financial institutions and NGOs). These organisations use data collected from a variety of sources, such as the management information system of partner countries, the individual project monitoring frameworks of implementation partners and representative surveys.

**Reporting:** The 2018-2022 figure reports a cumulative number, including results reported since the last results reporting exercise. The numbers are cumulated with careful consideration of potential double counting across projects and programmes and across years. The approach taken is to err on the side of safety, so any potentially double counted results are excluded from the results reported.

A common feature of all Level 2 indicators is that the results reported have been calculated using a contribution-based approach. This means that where an intervention has been financed by the EU jointly with other funders – such as partner country governments or other donors – the overall results of the collective effort are reported, rather than those linked to the share of funding provided by the EU specifically.

**Results by IPA beneficiary:** When presenting results broken down by IPA beneficiary, figures are reported according to the beneficiary where the result was achieved. While efforts have been made to capture this detailed level of reporting as far as possible, data were not always available at this level; for example, in the case of multi-country regional interventions where country-level results were not reported (in this case, results are presented under the label ‘Western Balkans regional results’).

**Quality:** The data are subjected to an extensive quality assurance process to ensure that:

- The data sources are reliable; and
- The link between the indicators from the monitoring system of the intervention and the indicators from the IPA PF is robust.

However, given the great variety of data sources used, the data quality may vary.

### 6.3. Level 1 indicators: Reporting on development progress in partner countries (EU RF)

This annex presents the latest figures for the level 1 indicators in the EU Results Framework.

**Data sources and coverage:** The statistics used to report on the indicators were taken from international data sources (presented in Table 1). They refer to data available in May 2023. The figures reported are world figures, considering all countries included in reporting by international data sources (United Nations (UN) database on Sustainable Development Goals, World Bank data, etc.). For five indicators, total aggregates were not available.

**Table 1: Latest figures for Level 1 indicators**

EU RF indicator – Level 1	Latest figure	Data source
1.1 Proportion of population below the international poverty line	8.5 % (2019)	Global SDG Indicators Database

EU RF indicator – Level 1	Latest figure	Data source
1.2 Prevalence of moderate or severe food insecurity in the population	29.3 % (2021)	Global SDG Indicators Database
1.3 Prevalence of stunting among children under five years of age	22.3 % (2022)	Global SDG Indicators Database
1.4 Value added of agriculture as a percentage of GDP, including forestry and fishing	4.3 % (2021)	World Bank World Development Indicators
1.5 Universal Health Coverage index	68 (2021)	Global SDG Indicators Database
1.6 Adolescent birth rate per 1 000 adolescents aged 15–19 years	41.8 (2022)	Global SDG Indicators Database
1.7 Literacy rate of 15- to 24-year-olds	92 % (2020)	World Bank World Development Indicators
1.8 Proportion of seats held by women in national parliaments	26.2 % (2022)	Global SDG Indicators Database
1.9 Proportion of population using safely managed drinking water services	74 % (2020)	Global SDG Indicators Database
1.10 Proportion of population using safely managed sanitation services	54 % (2020)	Global SDG Indicators Database
1.11 Proportion of population with access to electricity	91.4 % (2021)	Global SDG Indicators Database
1.12 Renewable energy share of the total final energy consumption	19.1 % (2020)	Global SDG Indicators Database
1.13 Annual growth rate of real GDP per capita	4.99% (2021)	Global SDG Indicators Database
1.14 Proportion of employed population below the international poverty line, age 15+	6.4 % (2022)	Global SDG Indicators Database
1.15 World Bank Doing Business Distance to Frontier score	63 (2019)	World Development Indicators
1.16 Export of goods and services as a percentage of GDP	28.9 % (2021)	World Bank Worldwide Governance indicators
1.17 Proportion of youth (aged 15–24 years) not in education, employment or training	23.5 % (2022)	Global SDG Indicators Database
1.18 Passenger and freight volumes on roads (tonne-kilometres)	Freight: 38 536 100 419 495 (2021)  Passenger: 39 840 992 392 798 (2021)	Global SDG Indicators Database

EU RF indicator – Level 1	Latest figure	Data source
1.19 Growth rates of household expenditure or income per capita among the bottom 40 % of the population and the total population	No world aggregate available	Global SDG Indicators Database
1.20 Number of refugees and asylum seekers of concern to the UNHCR by situation	Total Refugees (incl. refugee like situation): 21 327 285 (2020) Asylum seekers: 4 616 134 (2020)	UNHCR (The UN Refugee Agency)
1.21 Direct economic loss in relation to global GDP, damage to critical infrastructure and number of disruptions to basic services, attributed to disasters	No world aggregate available	Global SDG Indicators Database
1.22 Domestic material consumption per capita (tonnes), and domestic material consumption by GDP (kg per constant 2010 USD)	Per GDP: 1.1 (2019) Per Capita: 12.4 (2019)	Global SDG Indicators Database
1.23 CO <sub>2</sub> emission per unit of value added (kg of CO <sub>2</sub> per constant 2015 USD)	0.438 (2020)	Global SDG Indicators Database
1.24 Coverage of protected areas in relation to marine areas- Average proportion of Marine Key Biodiversity Areas (KBAs) covered by protected areas	45.6 % (2021)	Global SDG Indicators Database
1.25 Proportion of important sites for terrestrial and freshwater biodiversity that are covered by protected area	Freshwater: 44.6 % (2021) Terrestrial: 44.3 % (2021)	Global SDG Indicators Database
1.26 Voice and Accountability score	No world aggregate available	Worldwide Governance indicators
1.27 Government Effectiveness score	No world aggregate available	Worldwide Governance indicators
1.28 Existence of independent national human rights institutions in compliance with the Paris Principles (A accredited) <sup>227</sup>	41.6 % (2020)	Global SDG Indicators Database
1.29 Rule of Law score (as measured by the World Bank Worldwide Governance indicators)	No world aggregate available	Worldwide Governance Indicators

<sup>227</sup> Proportion of countries with independent National Human Rights Institutions in compliance with the Paris Principles (%).

EU RF indicator – Level 1	Latest figure	Data source
1.30 Number of victims of intentional homicide per 100 000 population	2.2 Female (2021) 9.3 Male (2021)	Global SDG Indicators Database
1.31 Total government revenue as a proportion of GDP	32.8 % (2020)	Global SDG Indicators Database

## 6.4. Latest results for Level 3 indicators (GERF and IPA PF)

### 6.4.1. Latest figures for Level 3 indicators

This Annex presents the latest figures for indicator from level 3 of the Global Europe Results Framework and of the IPA Performance Framework which present policy priorities. The sources of data are the European Commission's internal monitoring systems. All indicators presented in this section have been calculated with reference to the calendar year 2022.

**Table 2: Latest figures for Level 3 indicators – NDICI-Global Europe**

Indicator	Commitments 2021-2022		Target (2021-2027)	Payments 2021-2022	
	Amount (EUR)	%	%	Amount (EUR)	% <sup>228</sup>
<b>GERF 3.1a</b> Amount and share of EU-funded external assistance contributing to: (a) climate change (adaptation and mitigation)	5.340 billion	21.5	30	849 million	12
<b>GERF 3.1b</b> Amount and share of EU-funded external assistance contributing to: (b) protecting biodiversity	1.383 billion	5.6	2024-2025: 7.5 2026-2027: 10 <sup>229</sup>	110 million	1.6
<b>GERF 3.1c</b> Amount and share of EU-funded external assistance contributing to: (c) combating desertification	661 million	2.7	No target defined	62 million	0.9
<b>GERF 3.1d</b> Amount and share of EU-funded external assistance contributing to: (d) protecting the environment (Aid to Env)	6.358 billion	25.6	No target defined	1.095 billion	15.5
<b>GERF 3.2</b> Amount and share of EU-funded external assistance directed towards digitalisation	4.975 billion	20	10 <sup>230</sup>	706 million	10
<b>GERF 3.3</b> Amount and share of EU-funded external assistance contributing to strengthening investment climate	12.707 billion	51.2	No target defined	2.539 billion	36
<b>GERF 3.4a</b> Amount and share of EU-funded external assistance contributing to: (a) aid for trade	3.872 billion	15.6	No target defined	299 million	4.2
<b>GERF 3.4b</b> Amount and share of EU-funded external assistance contributing to:	602 million	15.5	No target defined	30 million	10.1

<sup>228</sup> Relevant payments relative to total payments 2021-2022.

<sup>229</sup> These targets refer to the overall Multiannual Financial Framework.

<sup>230</sup> Joint Communication The Global Gateway ([JOIN\(2021\) 30 final](#)) set a target of approximatively 10 %.

Indicator	Commitments 2021-2022		Target (2021-2027)	Payments 2021-2022	
	Amount (EUR)	%	%	Amount (EUR)	% <sup>228</sup>
(b) aid for trade to LDCs <sup>231</sup>					
<b>GERF 3.4c</b> Amount and share of EU-funded external assistance contributing to: (c) trade facilitation	22 million	0.1	No target defined	2 million	0.03
<b>GERF 3.5a</b> Leverage of EU blending and guarantee operations financed by EU external assistance, measured as: (a) Investment leverage ratio	21.2 (leverage)	-	No target defined	-	-
<b>GERF 3.5b</b> Leverage of EU blending and guarantee operations financed by EU external assistance, measured as: (b) Total eligible financial institution financing leverage ratio <sup>232</sup>	5.4 (leverage)	-	No target defined	-	-
<b>GERF 3.5c</b> Leverage of EU blending and guarantee operations financed by EU external assistance, measured as: (c) Private financing leverage ratio	0.17 (leverage)	-	No target defined	-	-
<b>GERF 3.7</b> Amount and share of EU-funded external assistance directed towards migration and forced displacement-related interventions	3.364 billion	13.6	Indicatively 10 %	1.020 billion	14.4
<b>GERF 3.8</b> Amount and share of EU-funded external assistance directed towards fragile states	5.965 billion	24.0	No target defined	1.161 billion	16.4
<b>GERF 3.9</b> Share of EU-funded external interventions responding to situations of a new and/or emerging crisis <sup>233</sup>	529 million	100	No target defined	345 million	100
<b>GERF 3.10</b> Amount and share of EU-funded external assistance directed towards supporting social inclusion and human development	7.946 billion	32.4	20 <sup>234</sup>	3.321 billion	47.2
<b>GERF 3.11</b> Amount and share of EU-funded external assistance directed towards nutrition	1.820 billion	7.3	EUR 2.5 billion EU pledge for	340 million	4.8

<sup>231</sup> Percentages in this row calculate aid for trade to LDCs relative to all aid for trade in 2021-2022. The other rows calculate commitments and payments relative to the total commitments/payments.

<sup>232</sup> Figures on leverage are draft and to be revised.

<sup>233</sup> GERF 3.9 Share of EU-funded external interventions responding to situations of a new and/or emerging crisis is only informed by FPI.

<sup>234</sup> The target refers to 20 % of ODA related expenditures. The indicator measures EU-funded external assistance including non-ODA.

Indicator	Commitments 2021-2022		Target (2021-2027)	Payments 2021-2022	
	Amount (EUR)	%	%	Amount (EUR)	% <sup>228</sup>
			international cooperation with a nutrition objective consisting of EUR 1.4 billion of development cooperation funds committed and EUR 1.1 billion of humanitarian funds committed (2021-2024)		
<b>GERF 3.12</b> Amount and share of EU-funded external assistance directed towards education <sup>235</sup>	1.421 billion	9.2	At least 10 %	250 million	7.4%
<b>GERF 3.13</b> Number and share of EU- external interventions promoting gender equality and women's empowerment	630 actions <sup>236</sup>	71	85 % of new actions to score G1 or G2	-	-
<b>GERF 3.14</b> Number and share of EU-funded external interventions promoting disability inclusion	243 actions <sup>237</sup>	27.2	No target defined	-	-
<b>GERF 3.16</b> Amount and share of EU-funded external assistance qualifying as ODA	24.493 billion	98.7	At least 93 %	7.031 billion	99.5

<sup>235</sup> Unlike other GERF 3 indicators, this indicator is by construction limited to DG INTPA. It measures the sole DG INTPA performance for all instruments managed by DG INTPA, including its share of the ERASMUS+ programme.

<sup>236</sup> Unit of measure are actions: 630 out of 892 new actions in 2021-2022.

<sup>237</sup> Unit of measure are actions: 243 actions out of 892 new actions in 2021-2022.

**Table 3: Latest figures for Level 3 indicators – IPA III Year 2<sup>238</sup>**

Indicator	Commitments 2022		Target (2021-2027)	Payments 2022	
	Amount (EUR)	%	%	Amount (EUR)	%
Amount and share of EU-funded external assistance contributing to: (a) climate change (adaptation and mitigation)	523.42 million	21.8	30	64.43 million	13.4
Amount and share of EU-funded external assistance contributing to: (b) protecting biodiversity	60 million	2.5	2024-2025: 7.5 2026-2027: 10 <sup>239</sup>	2.37 million	0.5
Amount and share of EU-funded external assistance contributing to: (d) protecting the environment (Aid to Env)	670.99 million	28	No target defined	74.69 million	15.5
Amount and share of EU-funded external assistance directed towards digitalisation	385 million	16.1	10 <sup>240</sup>	61.86 million	12.9
Amount and share of EU-funded external assistance contributing to strengthening investment climate	1.351,85 million	56.4	No target defined	142.77 million	29.7
Amount and share of EU-funded external assistance contributing to: (a) aid for trade	602.97 million	25.2	No target defined	13.35 million	2.8
Amount and share of EU-funded external assistance contributing to: (c) trade facilitation	0 million	0	No target defined	0 million	0
Amount and share of EU-funded external assistance directed towards migration and forced displacement-related interventions	333.26 million	13.9	No target defined	78.47 million	16.3
Amount and share of EU-funded external assistance directed towards supporting social inclusion and human development	617.42 million	25.8	20 <sup>241</sup>	43.56 million	9.1

<sup>238</sup> Provisional numbers; will be subject to revision.

<sup>239</sup> These targets refer to the overall Multiannual Financial Framework.

<sup>240</sup> Joint Communication The Global Gateway ([JOIN\(2021\) 30 final](#)) set a target of approximatively 10 %.

<sup>241</sup> The target refers to 20 % of ODA related expenditures. The indicator measures EU-funded external assistance including non-ODA.

Indicator	Commitments 2022		Target (2021-2027)	Payments 2022	
	Amount (EUR)	%	%	Amount (EUR)	%
Amount and share of EU-funded external assistance directed towards education	97.65 million	4.1	No target defined	44 million	9.2
Number and share of EU- external interventions promoting gender equality and women's empowerment	58 actions <sup>242</sup>	33.5	85 % of new actions to score G1 or G2	NA	NA
Amount and share of EU-funded external assistance qualifying as ODA	2.293,64 million	95.7	At least 93 %	434.91 million	100

<sup>242</sup> Unit of measure are actions: 58 out of 173 new actions in 2022.

**Table 4: Latest figures for targets in the implementation of NDICI-Global Europe and IPA III**

Indicator <sup>243</sup>	Commitments 2021-2022		Target (2021-2027)	Payments 2021-2022	
	Amount (EUR)	%	%	Amount (EUR)	%
<b>NDICI-Global Europe</b>					
Amount and share of EU-funded external assistance qualifying as ODA	24.493 billion	98.7	At least 93 %	7.031 billion	99.5
Amount and share of EU-funded external assistance contributing to climate change (adaptation and mitigation)	5.340 billion	21.5	30	849 million	12
Amount and share of EU-funded external assistance contributing to protecting biodiversity	1.383 billion	5.6	2024-2025: 7.5 2026-2027: 10 <sup>244</sup>	110 million	1.6
Amount and share of EU-funded external assistance directed towards supporting social inclusion and human development	7.946 billion	32.4	20 <sup>245</sup>	62 million	0.9
Amount and share of EU-funded external assistance directed towards education <sup>246</sup>	1.421 billion	9.2	At least 10 %	250 million	7.4
Amount and share of EU-funded external assistance directed towards migration and forced displacement-related interventions	3.364 billion	13.6	Indicatively 10 %	1.020 billion	14.4
Number and share of EU- external interventions promoting gender equality and women's empowerment <sup>247</sup>	630 actions <sup>248</sup>	71	85 % of new actions to score G1 or G2	-	-
Amount and share of EU-funded external assistance directed towards digitalisation	4.975 billion	20	10 <sup>249</sup>	706 million	10
Thematic target for the geographic programmes for human rights, democracy and good governance <sup>250</sup>	3.976 billion	21.1%	at least 15%	583 million	14.3

<sup>243</sup> All targets are also included in the GERF Level 3.

<sup>244</sup> These targets refer to the overall Multiannual Financial Framework.

<sup>245</sup> The target refers to 20 % of ODA related expenditures. The indicator measures EU-funded external assistance including non-ODA.

<sup>246</sup> Unlike other targets/GERF 3 indicators, this indicator is by construction limited to DG INTPA. It measures the sole DG INTPA performance for all instruments managed by DG INTPA, including its share of the ERASMUS+ programme.

<sup>247</sup> Provisional numbers; will be subject to revision.

<sup>248</sup> Unit of measure are actions: 630 out of 892 new actions in 2021-2022.

<sup>249</sup> Joint Communication The Global Gateway ([JOIN\(2021\) 30 final](#)) set a target of approximatively 10 %.

<sup>250</sup> The Delegated Act supplementing NDICI-Global Europe provides two additional targets. Payments under validation.

Indicator <sup>243</sup>	Commitments 2021-2022		Target (2021-2027)	Payments 2021-2022	
	Amount (EUR)	%	%	Amount (EUR)	%
Thematic target for the geographic programmes for programmes for inclusive and sustainable growth for human development <sup>251</sup>	11.744 billion	62.2%	at least 45%	1.549 billion	37.9
<b>IPA III</b>					
Amount and share of EU-funded external assistance qualifying as ODA <sup>252</sup>	3.837,67 million	96.3	At least 93 %	438.58 million	91.2
Amount and share of EU-funded external assistance contributing to: climate change (adaptation and mitigation)	506.12 million	31.9	30	0 million	0
Amount and share of EU-funded external assistance contributing to protecting biodiversity	33.1 million	2.1	2024-2025: 7.5 2026-2027: 10 <sup>253</sup>	0 million	0
Amount and share of EU-funded external assistance directed towards digitalisation	306.4 million	19.3	10 <sup>254</sup>	0 million	0
Amount and share of EU-funded external assistance directed towards supporting social inclusion and human development	187.14 million	11.8	20 <sup>255</sup>	0 million	0
Number and share of EU- external interventions promoting gender equality and women's empowerment	48 actions <sup>256</sup>	67.6	85 % of new actions to score G1 or G2	NA	NA

<sup>251</sup> the Delegated Act supplementing NDICI-Global Europe provides two additional targets. Payments under validation.

<sup>252</sup> Provisional numbers; will be subject to revision.

<sup>253</sup> These targets refer to the overall Multiannual Financial Framework.

<sup>254</sup> Joint Communication The Global Gateway ([JOIN\(2021\) 30 final](#)) set a target of approximatively 10 %.

<sup>255</sup> The target refers to 20 % of ODA related expenditures. The indicator measures EU-funded external assistance including non-ODA.

<sup>256</sup> Draft figures- figures for 2022 are under finalisation. Unit of measure are actions: 49 out of 77 new actions in 2021.

## 6.4.2. Level 3: reporting on policy mainstreaming as measured by budgetary commitments

### *EU RF and GEF*

Level 3 indicators report on financial flows in 2022 and include all funds managed by the new financing instrument NDICI-Global Europe. Level 3 reporting excludes funds under the previous MFF (2014-2020), i.e., the presentation of payments does not present all payments made in 2022. Given the budgetary cycle, payments were low or zero for NDICI-Global Europe funds.

Some of the Level 3 indicators have associated spending targets, provided in the legal basis to the NDICI-Global Europe (e.g., climate, social inclusion and human development, migration and forced displacement) and a gender target. In some cases, the priority is derived from formal EU policy commitments endorsed by the Council (e.g., Gender Action Plan III) or international commitments made by the EU (e.g., nutrition).

All ten Level 3 indicators from the 2018 EU RF have been included in the GEF, with a couple of minor adjustments (i.e., two indicators from the 2018 EU RF have been merged, and the methodology to calculate the indicator on human development has been updated). This confirms the stability of the EU commitment to providing support in these areas.

Seven new indicators have been added to monitor spending directed towards digitalisation, reform implementation, migration-related interventions, crisis-response, education, disability inclusion, and inequality reduction.

For one indicator, the methodology is still under development: GEF 3.6 Number and share of EU-funded external interventions supporting the implementation of political, economic and social reforms and joint agreements in partner countries.

### *IPA PF*

Level 3 indicators report on financial flows in 2022 and include all funds managed by the new financing instrument IPA III. Level 3 reporting excludes funds under the previous MFF (2014-2020), i.e., the presentation of payments does not present all payments made in 2022.

Some of the Level 3 indicators have associated spending targets, provided in the legal basis IPA III (e.g., climate, biodiversity) and a gender mainstreaming target. For gender, the priority is derived from formal EU policy commitments endorsed by the Council (e.g., Gender Action Plan III).

For one indicator, the methodology is still under development: GEF 3.6 Number and share of EU-funded external interventions supporting the implementation of political, economic and social reforms and joint agreements in partner countries.

## 6.5. Overview of results Level 2

### 6.5.1. Overview of results for EU Results Framework (EU RF) and Global Europe Results Framework (GEF)

#### *Level 2 indicators*

Table 5 shows the latest aggregated results for EU RF Level 2 indicators. The data was compiled from completed and ongoing EU-funded interventions financed under MFF 2014-2020. A substantial number of these intervention are still ongoing and continue to produce results.

**Table 5: EU RF Level 2 – Latest aggregated results achieved with EU support, 2018–2022<sup>(a)</sup>**

No	EU RF indicator	2018-2022
2.1	Number of food-insecure people receiving EU assistance <sup>(b)</sup>	29 057 000
2.2	Number of women of reproductive age, adolescent girls and children under five reached by nutrition-related interventions supported by the EU <sup>(b)</sup>	22 337 000
2.3	Number of smallholders reached with EU-supported interventions aimed to increase their sustainable production, access to markets and/or security of land <sup>(b)</sup>	21 402 000
2.4	Agricultural and pastoral ecosystems where sustainable management practices have been introduced with EU support (ha)	3 124 000
2.5	Number of one-year-olds fully immunised with EU support	64 439 000
2.6	Number of women of reproductive age using modern contraception methods with EU support	31 009 000
2.7a	Number of students enrolled in education with EU support: a) primary education	45 052 000
2.7b	Number of students enrolled in education with EU support: b) secondary education	8 887 000
2.8	Number of individuals with access to improved drinking water source and/or sanitation facility with EU support	22 339 000
2.9	Number of individuals accessing electricity with EU support through: a) new access, b) improved access <sup>(c)(d)</sup>	38 065 000
2.10	Renewable energy generation capacity installed with EU support (MW) <sup>(d)</sup>	34 000
2.11	Number of jobs supported/sustained by the EU	798 000
2.12	Number of countries supported by the EU to strengthen investment climate	124
2.13a	Number of beneficiaries with access to financial services with EU support: a) firms	828 000
2.13b	Number of beneficiaries with access to financial services with EU support: b) individuals	2 723 000
2.14	Number of quality schemes adopted by economic operators with EU support	34 000
2.15	Number of people who have benefited from institution- or workplace-based VET/skills development interventions supported by the EU	2 115 000
2.16	Total length of road supported by the EU through: a) construction, b) rehabilitation, c) maintenance (km) <sup>(e)</sup>	80 000
2.17	Number of migrants, forcibly displaced people or individuals from host communities protected or assisted with EU support	29 007 000
2.18a	Number of migration management or forced displacement strategies or policies: a) developed/revised with EU support	235

No	EU RF indicator	2018-2022
2.18b	Number of migration management or forced displacement strategies or policies: b) under implementation with EU support	202
2.19a	Number of countries and cities with climate change and/or disaster risk reduction strategies: a) developed	294
2.19b	Number of countries and cities with climate change and/or disaster risk reduction strategies: b) under implementation with EU support	126
2.20	Number of micro, small and medium enterprises applying sustainable consumption and production practices with EU support	29 000
2.21	Greenhouse gas emissions avoided with EU support (tonnes CO <sub>2</sub> e) <sup>(d)</sup>	115 557 000
2.22a	Marine areas under: a) protection with EU support (km <sup>2</sup> ) <sup>(f)</sup>	966 000
2.23a	Areas of terrestrial and freshwater ecosystems under: a) protection with EU support (ha)	77 599 000
2.23b	Areas of terrestrial and freshwater ecosystems under: b) sustainable management with EU support (ha)	70 637 000
2.24	Number of countries supported by the EU to conduct elections and/or improve their electoral process	56
2.25	Number of government policies developed or revised with civil society organisation participation through EU support	2 000
2.26	Number of victims of human rights violations directly benefiting from assistance funded by the EU	166 000
2.27	Number of people directly benefiting from legal aid interventions supported by the EU	6 649 000
2.28	Number of individuals directly benefiting from EU-supported interventions that specifically aim to support civilian post-conflict peacebuilding and/or conflict prevention	1 041 000
2.29	Number of state institutions and non-state actors supported on security, border management, countering violent extremism, conflict prevention, protection of civilian population and human rights	14 000
2.30	Number of countries supported by the EU to strengthen revenue mobilisation, public financial management and/or budget transparency	160
2.37 (GERF)	Number of people benefitting from EU-funded interventions to counter sexual and gender-based violence	17 341 000

#### Table 5 Notes

<sup>a</sup> Refers to data collected from ongoing or completed EU-funded interventions that started between January 2014 and January 2020. Figures are cumulated with the values reported last year, cleaned of double counting. Besides reporting on interventions covered by the EU RF, four indicators - EU RF 2.15, 2.17, 2.18 and 2.29 - also include figures reported through the EU Trust Fund for Africa.

<sup>b</sup> The number reported under indicator 2.1 may overlap with those for indicators 2.2 and/or 2.3. Indeed, food-insecure people may also be reached by nutrition-related interventions covered by indicator 2.2 and/or interventions aimed to increase smallholders' sustainable production, access to markets and/or security of land covered by EU RF 2.3.

<sup>c</sup> This indicator was newly introduced in the 2018 revision of the EU RF. The value reported represents inferred access to electricity. It currently does not include the number of individuals with access to electricity with EU support through improved access, due to data limitations. Improved access will be reported in the forthcoming years. As a result, the number of people with access to electricity (new or improved) through EU support is expected to be significantly higher.

<sup>d</sup> These figures exceptionally include some results achieved with interventions that closed in 2014 or following years.

<sup>e</sup> The 2018-2022 value corresponds to: a) 14 000 km constructed, b) 6 000 km rehabilitated and c) 59 000 km maintained.

<sup>f</sup> Note that there is no entry for the EU RF indicator 2.22 'Marine areas under b) sustainable management with EU support (km<sup>2</sup>)'. The methodology for this indicator is under development.

#### *Overview of results for GERF Level 2*

Table 6 presents the new indicators from the Global Europe Results Framework, which will be used to monitor and report on results the implementation of the NDICI-Global Europe. As previously mentioned in section 6.1, results figures for year 2 of NDICI-Global Europe financial execution are zero given the time lag for results to be produced. Due to the inevitable time lag between financing an intervention and implementing the intervention and generating results, no results – in terms of outputs or outcomes of NDICI-Global Europe interventions – can be reported so far.

**Table 6: GERF Level 2 – Latest aggregated results achieved with EU support, 2021-2022 (Year 2 of NDICI)**

No	GERF indicator	Reporting year: 2021-2022
2.1	Number of smallholders reached with EU supported interventions aimed to increase their sustainable production, access to markets and/or security of land	0
2.2	Areas of agricultural and pastoral ecosystems where sustainable management practices have been introduced with EU support	0
2.3	Number of people with access to electricity with EU support through: (a) new access, (b) improved access	0
2.4	Renewable energy generation capacity installed (MW) with EU support	0
2.5	Number of countries and cities with climate change and/or disaster risk reduction strategies: (a) developed, (b) under implementation with EU support	0
2.6	Number of Micro, Small and Medium Enterprises applying Sustainable Consumption and Production practices with EU support	0
2.7	Greenhouse Gas (GHG) emissions avoided (tonnes CO <sub>2eq</sub> ) with EU support	0
2.8	Marine areas under a) protection, b) sustainable management with EU support (km <sup>2</sup> )	0

No	GERF indicator	Reporting year: 2021-2022
2.9	Areas of terrestrial and freshwater ecosystems under (a) protection, (b) sustainable management with EU support (km <sup>2</sup> )	0
2.10	Number of countries supported by the EU to (a) develop and/or revise, (b) implement digital-related policies/strategies/laws/regulations	0
2.11	Number of people with access to Internet with EU support	0
2.12	Number of (a) countries supported by the EU to enhance..., (b) people supported by the EU with enhanced... access to digital government services	0
2.13	Number of (a) jobs, (b) green jobs supported/sustained by the EU	0
2.14	Number of people who have benefited from institution or workplace based VET/skills development interventions supported by the EU: (a) all VET/skills development, (b) only VET/skills development for digitalisation	0
2.15	Number of processes related to partner country practices on trade, investment and business, or promoting the external dimension of EU internal policies or EU interest, which have been influenced	0
2.16	Number of countries supported by the EU to strengthen investment climate	0
2.17	Number of beneficiaries with access to financial services with EU support: (a) firms, (b) people (all financial services), (c) people (digital financial services)	0
2.18	Total length of transport infrastructure supported by the EU (kms): (a) roads, (b) railways, (c) waterways	0
2.19	Number of countries supported by the EU to strengthen revenue mobilisation, public financial management and/or budget transparency	0
2.20	Number of migrants, refugees, and internally displaced people or individuals from host communities protected or assisted with EU support	0
2.21	Number of migration management or forced displacement strategies or policies (a) developed/revised, or (b) under implementation with EU support	0
2.22	Number of EU-funded interventions reporting improvement of compliance of Border and Security Systems with EU /Schengen Acquis	0
2.23	Number of state institutions and non-state actors supported by the EU on security, border management, countering violent extremism, conflict prevention, protection of civilian population and human rights	0
2.24	Number of people directly benefiting from EU supported interventions that specifically aim to support civilian post-conflict peace-building and/or conflict prevention	0
2.25	Number of people directly benefiting from legal aid interventions supported by the EU	0
2.26	Number of countries supported by the EU to conduct elections and/or improve their electoral process	0
2.27	Number of electoral processes and democratic cycles supported, observed and followed by means of Election Observation Missions	0
2.28	Number of grassroots civil society organisations benefitting from (or reached by) EU support	0

No	GERF indicator	Reporting year: 2021-2022
2.29	Number of government policies developed or revised with civil society organisation participation through EU support	0
2.30	Number of victims of human rights violations directly benefiting from assistance funded by the EU	0
2.31	Number of countries which have benefitted from EU support to strengthen their social protection systems	0
2.32	Number of food insecure people receiving EU assistance	0
2.33	Number of women of reproductive age, adolescent girls and children under 5 reached by nutrition-related interventions supported by the EU	0
2.34	Number of women of reproductive age using modern contraception methods with EU support	0
2.35	Number of 1-year olds fully immunised with EU support	0
2.36	Number of students enrolled in education with EU support: (a) primary education, (b) secondary education, (c) tertiary education	0
2.37	Number of people benefitting from EU-funded interventions to counter sexual and gender-based violence	0
2.38	Number of people with access to improved drinking water source and/or sanitation facility with EU support	0
2.39	Number of people directly benefiting from EU supported interventions that aim to reduce social and economic inequality	0

## 6.5.2. Overview of results for IPA PF

### Level 2 indicators

The table 7 (below) shows the latest aggregated results for IPA PF Level 2 indicators. The data was compiled from completed and ongoing EU-funded interventions financed under MFF 2014-2020. A substantial number of these intervention are still ongoing and continue to produce results.

**Table 7: EU RF Level 2 – Latest aggregated results achieved with EU support, 2018–2022<sup>(a)</sup>**

IPA PF	Cumulative Values 2022
2,01	

IPA PF	Cumulative Values 2022
Number of electoral recommendations (of the International Election Observation missions (EOM) done by the OSCE/ODIHR or the EU EOM (case of Kosovo*)) a) followed up and/or b) implemented with EU Support	1 128
2,02	
Number of legal/administrative acts to enhance the effectiveness, accountability and/or transparency of the functioning of democratic institutions a) adopted and/or b) implemented by national parliaments with EU support	8
2,03a	
Number of legal/administrative acts/measures a) adopted and/or b) implemented with EU support with the objective of increasing independence and impartiality, and/or accountability, and/or professionalism and/or competence and/or efficiency of the national justice system.	24
2,03b	
Number of legal/administrative acts/measures a) adopted and/or b) implemented with EU support with the objective of increasing independence and impartiality, and/or accountability, and/or professionalism and/or competence and/or efficiency of the national justice system.	29
2,04a	
Number of a) judges, b) prosecutors, c) lawyers and d) court staff trained with EU support on European standards and EU acquis	1 807
2,04b	
Number of a) judges, b) prosecutors, c) lawyers and d) court staff trained with EU support on European standards and EU acquis	114
2,04c	
Number of a) judges, b) prosecutors, c) lawyers and d) court staff trained with EU support on European standards and EU acquis	275
2,05a	
Number of security sector reforms that are compliant with human rights standards a) developed, and/or b) under implementation with EU support	1
2,06a	
Number of anticorruption policies (incl. preventive/repressive measures) i) adopted and/or ii) implemented with EU support	1
2,06b	
Number of anticorruption policies (incl. preventive/repressive measures) i) adopted and/or ii) implemented with EU support	21
2,08	
Number of EU funded interventions reporting improvement in quality and/or availability of sex-disaggregated/gender specific statistics through EU support	1
2,09	
Number of countries having i) adopted and/or ii) implemented the legal framework for the protection, promotion and/or enforcement of human/fundamental rights (including freedom of expression and Media, freedom of assembly and freedom of association and non-discrimination and rights of minorities) with EU support	7
2,10	
Number of initiatives led by civil society and supported by the EU	19
2,11	

\* This designation is without prejudice to positions on status and is in line with UNSCR 1244 (1999) and the ICJ Opinion on the Kosovo declaration of independence.

IPA PF	Cumulative Values 2022
Number of public policies developed and/or revised with internal and external consultations with EU support	80
2,12	
Number of EU funded sectoral interventions (Twinning, sector budget support, other types of technical assistance programmes) producing results that are consistent with horizontal public administration reform principles	9
2,13a	
Number of migration management and/or forced displacement public policies a) developed/revised, and/or b) under implementation with EU support	1
2,13b	
Number of migration management and/or forced displacement public policies a) developed/revised, and/or b) under implementation with EU support	11
2,14	
Number of migrants, forcibly displaced people or individuals from host communities protected or assisted	44 278
2,15a	
Number of EU funded interventions reporting improvement of compliance of Border and Security Systems with EU /Schengen Acquis	3
2,15b	
Number of EU funded interventions reporting improvement of compliance of Border and Security Systems with EU /Schengen Acquis	1
2,16a	
Number of EU funded interventions reporting improvement of state institutions capacities (a) law enforcement, b) judiciary and c) administration) involved in the prevention and fight against organised crime through EU support	8
2,16b	
Number of EU funded interventions reporting improvement of state institutions capacities b) judiciary involved in the prevention and fight against organised crime through EU support	1
2,16c	
Number of EU funded interventions reporting improvement of state institutions capacities (a) law enforcement, b) judiciary and c) administration) involved in the prevention and fight against organised crime through EU support	1
2,17a	
Number of public policies to strengthen revenue mobilisation, public financial management and/or budget transparency a) developed, and/or b) under implementation with EU support	9
2,17b	
Number of public policies to strengthen revenue mobilisation, public financial management and/or budget transparency a) developed, and/or b) under implementation with EU support	20
2,18a	
Number of public policies to strengthen investment climate a) developed/revised, and/or b) under implementation with EU support	27
2,18b	
Number of public policies to strengthen investment climate a) developed/revised, and/or b) under implementation with EU support	3
2,19	
Number of quality schemes adopted by economic operators with EU support	50
2,20a	
Number of beneficiaries with access to financial services: a) firms, b) individuals	1 120 205
2,20b	

IPA PF	Cumulative Values 2022
Number of beneficiaries with access to financial services: a) firms, b) individuals	37
2,21	
Number of Micro, Small and Medium Enterprises applying Sustainable Consumption and Production practices with EU support	0
2,22	
Number of direct jobs supported/sustained by the EU	2 079 429
2,23a	
Number of public policies promoting social inclusion a) developed/revised, and/or b) under implementation with EU support	9
2,23b	
Number of public policies promoting social inclusion a) developed/revised, and/or b) under implementation with EU support	4
2,24	
Number of individuals directly benefiting from EU supported interventions that aim to reduce social and economic inequality	0
2,25a	
Number of public policies that promote, enforce and/or monitor the matching between labour supply and demand a) developed/revised, and/or b) under implementation with EU support	7
2,25b	
Number of public policies that promote, enforce and/or monitor the matching between labour supply and demand a) developed/revised, and/or b) under implementation with EU support	3
2,26	
Number of people who have benefited from VET/skills development interventions supported by the EU for ICT skills (disaggregated by sex, region geographic and/or urban/rural, age group)	0
2,27a	
Total length of road and/or rail supported by the EU through a) construction, b) rehabilitation, c) maintenance (kms)	59
2,28	
Number of Inland waterways and/or maritime ports supported by the EU through a) rehabilitation and modernisation, b) construction, and/or c) terminals	0
2,29	
Total length of the indicative extension of the TEN-T rail and road core network to the Western Balkans supported by the EU through a) new construction and b) rehabilitation	0
2,30	
Number of individuals with access to electricity with EU support through: a) new access, b) improved access	0
2,31	
Renewable energy generation capacity installed (MW) with EU support	1 293
2,32a	
Number of public policies promoting digitalisation a) developed/revised, and/or b) under implementation with EU support	2
2,32b	
Number of public policies promoting digitalisation a) developed/revised, and/or b) under implementation with EU support	5
2,33	

IPA PF	Cumulative Values 2022
Number of smallholders reached with EU supported interventions aimed to increase their sustainable production, access to market and/or security of land	878
2,34	
Agricultural and pastoral ecosystems where sustainable management practices have been introduced with EU support (ha)	8 027
2,35a	
Number of disaster risk reduction public policies: a) developed, and/or b) under implementation with EU support	37
2,36	
Greenhouse Gas (GHG) emissions (tonnes equivalent) avoided with EU support	1 201 340

**Table 7 Notes**

<sup>a</sup> Refers to data collected from ongoing or completed EU-funded interventions that started between January 2014 and January 2022. Figures are cumulated with the values reported last year, cleaned of double counting.

**Table 8: Aggregated results achieved with EU support – disaggregated by IPA beneficiary**

Indicator name	Aggregated Values 2022
2.1 Number of electoral recommendations (of the International Election Observation missions (EOM) done by the OSCE/ODIHR or the EU EOM (case of Kosovo)) a) followed up and/or b) implemented with EU Support	<b>1 128</b>
<b>Western Balkans Region</b>	1 128
2.2 Number of legal/administrative acts/measures b) implemented with EU support with the objective of increasing independence and impartiality, and/or accountability, and/or professionalism and/or competence and/or efficiency of the national justice system.	<b>8</b>
<b>Kosovo</b>	8
2.3 a) Number of legal/administrative acts/measures a) adopted with EU support	<b>24</b>
<b>Western Balkans Region</b>	24
2.3 b) Number of legal/administrative acts/measures b) implemented with EU support	<b>29</b>
<b>Albania</b>	28
<b>Kosovo</b>	1
2.4 Number of a) judges, trained with EU support on European standards and EU acquis	<b>1 807</b>
<b>Albania</b>	454
<b>Bosnia and Herzegovina</b>	70
<b>North Macedonia</b>	6
<b>Serbia</b>	1 277
2.4 Number of b) prosecutors, trained with EU support on European standards and EU acquis	<b>114</b>
<b>Bosnia and Herzegovina</b>	50
<b>North Macedonia</b>	4
<b>Serbia</b>	60
2.4 Number of c) lawyers trained with EU support on European standards and EU acquis	<b>275</b>

Indicator name	Aggregated Values 2022
<b>North Macedonia</b>	10
<b>Serbia</b>	265
Number of security sector reforms that are compliant with human rights standards a) developed, with EU support	1
<b>Türkiye</b>	1
Number of anticorruption policies (incl. preventive/repressive measures) implemented with EU support	1
<b>Kosovo</b>	1
Number of EU funded interventions reporting improvement in quality and/or availability of sex-disaggregated/gender specific statistics through EU support	1
<b>Western Balkans Region</b>	1
Number of countries having i) adopted and/or ii) implemented the legal framework for the protection, promotion and/or enforcement of human/ fundamental rights (including freedom of expression and Media, freedom of assembly and freedom of association and non-discrimination and rights of minorities) with EU support	7
<b>Western Balkans Region</b>	7
Number of initiatives led by civil society and supported by the EU	19
<b>Western Balkans Region</b>	18
<b>Serbia</b>	1
Number of public policies developed and/or revised with internal and external consultations with EU support	80
<b>Western Balkans Region</b>	33
<b>Bosnia and Herzegovina</b>	1
<b>Montenegro</b>	2
<b>Serbia</b>	17
<b>Kosovo</b>	8
<b>North Macedonia</b>	19
Number of EU funded sectoral interventions (Twinning, sector budget support, other types of technical assistance programmes) producing results that are consistent with horizontal public administration reform principles	9
<b>Western Balkans Region</b>	1
<b>Albania</b>	1
<b>Bosnia and Herzegovina</b>	3
<b>Montenegro</b>	1
<b>Serbia</b>	1
<b>Kosovo</b>	2
Number of migration management and/or forced displacement public policies a) developed under implementation with EU support	1
<b>Türkiye</b>	1
Number of migration management and/or forced displacement public policies b) under implementation with EU support	11

## 6.6. Aggregated results achieved with EU support – disaggregated by sex

**Table 9: Aggregated results 2018-2022 achieved with EU support – disaggregated by sex**

EU Results Framework indicator	Total	Results for women/girls	Results for men/boys	Not identified
2.1 Number of food-insecure people receiving EU assistance	29 057 000	6 520 000	5 947 000	16 590 000
2.2 Number of women of reproductive age, adolescent girls and children under five reached by nutrition-related interventions supported by the EU	22 337 000	2 411 000	1 352 000	18 574 000
2.3 Number of smallholders reached with EU-supported interventions aimed to increase their sustainable production, access to markets and/or security of land	21 402 000	2 502 000	2 478 000	16 422 000
2.4 Agricultural and pastoral ecosystems where sustainable management practices have been introduced with EU support (ha)	3 124 000	Not applicable	Not applicable	Not applicable
2.5 Number of one-year-olds fully immunised with EU support	64 439 000			
2.6 Number of women of reproductive age using modern contraception methods with EU support	31 009 000	31 009 000		
2.7a Number of students enrolled in education with EU support: a) primary education	45 052 000	17 733 000	19 048 000	8 271 000
2.7b Number of students enrolled in education with EU support: b) secondary education	8 887 000	3 856 000	3 915 000	1 116 000
2.8 Number of individuals with access to improved drinking water source and/or sanitation facility with EU support	22 339 000	336 000	331 000	21 672 000
2.9 Number of individuals with access to electricity with EU support through a) new access, b) improved access <sup>257</sup>	38 065 000	Not applicable	Not applicable	Not applicable

<sup>257</sup> This data cannot be sex-disaggregated because the values are generated by a model that does not provide this information.

EU Results Framework indicator	Total	Results for women/girls	Results for men/boys	Not identified
2.10 Renewable energy generation capacity installed with EU support (MW)	34 000	Not applicable	Not applicable	Not applicable
2.11 Number of jobs supported/sustained by the EU	798 000	Not applicable	Not applicable	Not applicable
2.12 Number of countries supported by the EU to strengthen investment climate	124	Not applicable	Not applicable	Not applicable
2.13a Number of beneficiaries with access to financial services with EU support: a) firms	828 000	Not applicable	Not applicable	Not applicable
2.13b Number of beneficiaries with access to financial services with EU support: b) individuals	2 723 000	307 000	660 000	1 756 000
2.14 Number of quality schemes adopted by economic operators with EU support	34 000	Not applicable	Not applicable	Not applicable
2.15 Number of people who have benefited from institution- or workplace-based VET/skills development interventions supported by the EU	2 115 000	883 000	751 000	481 000
2.16 Total length of road supported by the EU through a) construction, b) rehabilitation, c) maintenance (km)	80 000	Not applicable	Not applicable	Not applicable
2.17 Number of migrants, forcibly displaced people or individuals from host communities protected or assisted with EU support	29 007 000	4 702 000	5 240 000	19 065 000
2.18a Number of migration management or forced displacement strategies or policies a) developed/revised with EU support	235	Not applicable	Not applicable	Not applicable
2.18b Number of migration management or forced displacement strategies or policies b) under implementation with EU support	202	Not applicable	Not applicable	Not applicable
2.19 Number of countries and cities with climate change and/or disaster risk reduction strategies a) developed	294	Not applicable	Not applicable	Not applicable
2.19 Number of countries and cities with climate change and/or disaster risk reduction strategies b) under implementation with EU support	126	Not applicable	Not applicable	Not applicable

EU Results Framework indicator	Total	Results for women/girls	Results for men/boys	Not identified
2.20 Number of micro, small and medium enterprises applying sustainable consumption and production practices with EU support	29 000	Not applicable	Not applicable	Not applicable
2.21 Greenhouse gas emissions avoided with EU support (tonnes CO <sub>2</sub> eq)	115 557 000	Not applicable	Not applicable	Not applicable
2.22a Marine areas under a) protection with EU support (km <sup>2</sup> )	966 000	Not applicable	Not applicable	Not applicable
2.23a Areas of terrestrial and freshwater ecosystems under a) protection with EU support (ha)	77 599 000	Not applicable	Not applicable	Not applicable
2.23b Areas of terrestrial and freshwater ecosystems under b) sustainable management with EU support (ha)	70 637 000	Not applicable	Not applicable	Not applicable
2.24 Number of countries supported by the EU to conduct elections and/or improve their electoral process	56	Not applicable	Not applicable	Not applicable
2.25 Number of government policies developed or revised with civil society organisation participation through EU support	2 000	Not applicable	Not applicable	Not applicable
2.26 Number of victims of human rights violations directly benefiting from assistance funded by the EU	166 000	15 000	21 000	130 000
2.27 Number of people directly benefiting from legal aid interventions supported by the EU	6 649 000	2 049 000	2 091 000	2 509 000
2.28 Number of individuals directly benefiting from EU-supported interventions that specifically aim to support civilian post-conflict peacebuilding and/or conflict prevention	1 041 000	169 000	153 000	719 000
2.29 Number of state institutions and non-state actors supported on security, border management, countering violent extremism, conflict prevention, protection of civilian population and human rights	14 000	Not applicable	Not applicable	Not applicable
2.30 Number of countries supported by the EU to strengthen revenue mobilisation, public financial management and/or budget transparency	160	Not applicable	Not applicable	Not applicable

EU Results Framework indicator	Total	Results for women/girls	Results for men/boys	Not identified
2.37 (GERF) Number of individuals benefitting from EU-funded programmes to counter sexual and gender-based violence	17 341 000	6 188 000	6 553 000	4 600 000

## 6.8. Aggregated results achieved with EU support – disaggregated by instrument

### Abbreviations

DCI	Development Cooperation Instrument
EIDHR	European Instrument for Democracy and Human Rights
EDF	European Development Fund
IcSP	Instrument contributing to Stability and Peace
ENI	European Neighbourhood Instrument
EU Trust Funds	EU Emergency Trust Fund for Africa
Greenland	Instrument for Greenland
Others	Pilot projects and Preparatory Actions (PP-AP), ICI+

**Table 46: Aggregated results achieved with EU support – disaggregated by instrument<sup>259</sup>**

EU Results Framework indicator	DCI	EIDHR	EDF	IcSP	ENI	EU TF	Greenland	Others	Total
<b>2.1</b> Number of food-insecure people receiving EU assistance	7 833 581	-	20 764 294	-	333 828	-	-	124 959	29 056 662

<sup>268</sup> Results for EURF indicators 2.12, 2.19 and 2.30 cannot be broken down by modality. The reason is that per country, multiple interventions can correspond to the indicator methodology and qualify as providing support to a country. These interventions can have different modalities (e.g., Budget Support, Blending operation, project approach). It is therefore not possible to assign support measured under these indicators to specific modalities.

## 6.10. Results of the implementation of the Gender Action Plan III

This annex was prepared in line with the requirement of the European Union Gender Action Plan III (GAP III), indicating that the Commission services, in cooperation with the EEAS, will monitor progress each year on implementing GAP III ‘[EU institutional and strategic objectives and indicators](#)’ (see Part I of the GAP III Staff Working Document). It provides an overview of the progress made between 1 January and 31 December 2022, the second year of the GAP III’s implementation and when relevant includes aggregated results for the two first year of GAP III implementation: 2021 and 2022. Considering that the GAP III mid-term report will be published in 2023, focusing on results and best practices by thematic area of engagement, only the table presenting the GAP III EU institutional and strategic objectives and indicators is included here, to avoid unnecessary repetitions.

Table 48. Progress on the [GAP III's institutional and strategic objectives and indicators](#) for the European Union Institutions, 2022

Objective and targets of the GAP III (Part I)	Progress in 2022
<b>Objective 1. Increase the number and the funding of new actions that are gender mainstreamed (OECD Gender Marker 1) and targeted (G2) Indicator</b>	
Target 1: 85% of new actions at the country and regional levels are gender responsive/targeted (G1+G2) by 2025	On track – In 2022, 72% of new actions at the country and regional levels are gender-responsive/targeted (88% for DG INTPA, 80% for DG NEAR and 50% for FPI and 41% for other DGs). Cumulative data for 2021 and 2022 show that 71% of new actions are gender responsive/targeted (87% for DG INTPA, 77% for DG NEAR, 47% for FPI and 38% for other DGs).
Target 2: 100% of new actions not targeting gender equality (G0) justified over 2021–2025	In progress – 40% of new actions marked G0 were correctly justified in 2022 <sup>269</sup> .
Target 3: At least two rapid response actions or peace and stability themed actions per year	Target achieved for 2022 – 78% of new rapid response actions (40 out of 52 actions lead by FPI and 3 out of 3 actions lead by DG NEAR) were gender mainstreamed in 2022. Cumulative data show that 76% of new rapid response actions (78 out of 103) were gender mainstreamed in 2021 and 2022.
Target 5: At least one gender-targeted action (G2 action) per country allocation over 2021-2025	In progress – 14 new gender targeted actions committed over 2021-2022.
Target 6: At least one gender-targeted action (G2) per regional allocation over 2021–2025	On track – two out of six regions (Asia-Pacific, Southern Neighborhood) with at least one gender targeted action committed in 2021 and 2022.
Target 7: Increase amount of funding in support of gender equality and women's empowerment actions (G1 and G2)	Target achieved for 2022 – EUR 3.75 billion increase (40%) of share of funds in support of gender equality and women's empowerment in 2022 as compared to 2021.
Target 8: Increase amount of funding directed towards women's rights organisations and movements (WROs)	Target achieved for 2022 – Committed amounts increased by 30% from 2021 to 2022, from EUR 32.66 to 42.54 million <sup>270</sup> .
Target 9: Number of new EU-funded humanitarian programmes marked 1 or marked 2 by the DG ECHO Gender-Age Marker Target: in 2022 (for 2019 start date projects): 90%	Target achieved for 2022 – 92% of EU funded humanitarian programmes marked 1 or 2 by the DG ECHO gender-age marker for 2019 start date projects.

<sup>269</sup> This data is based on a sample for DG INTPA, as done for 2021.

<sup>270</sup> This result is based on committed actions under the OECD-DAC purpose code 15170 channelled through all excluding public institutions.

Objective and targets of the GAP III (Part I)	Progress in 2022
<p><b>Objective 2. Gender perspective is mainstreamed in all actions under the investment framework</b></p> <p>Target: 85% of all blending operations and guarantees are gender responsive/targeted (G1/G2) by 2025</p>	<p>In progress – 70% of all reported blended operations and guarantees were marked G1 or G2 in 2022 (81% for DG INTPA and 48% for DG NEAR). Cumulative data for 2021 and 2022 show that 66% of all reported blended operations and guarantees were marked G1 or G2 in 2021 and 2022.</p>
<p><b>Objective 3. Gender Responsive Budgeting is promoted</b></p> <p>Target: At least 20% of new actions supporting public finance management (PFM) reforms include a gender budgeting component</p>	<p>Target achieved for 2022 – Since 2021, 23% of actions supporting PFM include a gender responsive budgeting component (27% for DG INTPA and 11% for DG NEAR) and 64% of EU supported public expenditure and financial accountability (PEFA) have a gender module.</p>
<p><b>Objective 4. Gender specific and/or sex-disaggregated indicators are systematically used</b></p> <p>Target: 85% of new actions by 2025 have at least the latest progress data entry sex-disaggregated or gender-specific, as mandated by the indicator formulation</p>	<p>Data collection system under construction.</p>
<p><b>Objective 5. GAP III implementation is informed by sound gender profile and framed in ‘country-level implementation plans’ (CLIPs)</b></p>	
<p>Target 1: One ‘country-level implementation plan’ agreed per country and transmitted to headquarters (HQ)</p>	<p>On track – 131 CLIPs were developed per country/region and transmitted to HQ (93% of expected CLIPs).</p>
<p>Target 2: One gender analysis per priority sector in all countries</p>	<p>On track – 71% of the EU Delegations that are expected to develop a CLIP and conduct gender sector analyses have reported to have done at least one either in 2021 or 2022.</p>
<p><b>Objective 6. Gender perspective is integrated in ‘Working Better Together’ approaches and in broader coordination</b></p>	
<p>Target: 85% of new joint programming documents over 2021-2025 reference and integrate the priorities of GAP III</p>	<p>Target achieved for 2022 – 93% of new joint programming documents over 2021-2022 reference and integrate the priorities of GAP III.</p>
<p><b>Objective 7. Political, security and sectoral policy dialogues integrate a gender perspective</b></p>	
<p>Target 1: All EU Delegations are engaged in at least one high-level dialogue on gender equality and women’s empowerment with institutional actors per year per country</p>	<p>In progress – 79% of EU Delegations have reported having held at least one high-level dialogue on gender equality and women’s empowerment with the partner country’s government in 2022.</p>

Objective and targets of the GAP III (Part I)	Progress in 2022
Target 2: All EU Delegations are engaged in dialogue on gender equality and women's empowerment with civil society at least once per country per year over 2021- 2025	In progress – 84% of EU Delegations held a high-level dialogue on gender equality and women's empowerment with civil society, including women's and girls' organisations, in 2022.
Target 3: At least one dialogue per year with civil society on Women, Peace and Security (WPS) policy per (relevant) partner country	Target achieved for 2022 – 70% of EU Delegations consulted and/or involved civil society organisations in dialogues on WPS in 2022.
<b>Objective 8. All EU actions implemented at regional level are gender mainstreamed</b>	
Target 1: a regional/multi-country gender profile conducted or updated in at least four regions by end 2022	Target not achieved – two regions have reported having a regional gender profile: East Asia (with two: one for ASEAN and one for Pacific Islands) and Eastern Partnership.
Target 2: At least three regions have identified priorities to implement GAP III by end 2022	Target achieved – At least three regions have established regional priorities: Africa, East Asia and the Eastern Partnership.
<b>Objective 9. The EU takes on a coordinated leadership on gender equality and women's empowerment in international meetings (UN, AU, NATO, ASEAN, OSCE, G7, G20, etc.)</b>	
Target 1: At least two joint EU positions for key gender international/regional events and negotiations per year	Target achieved for 2022 – among the reported joint positions stand: the one issued in the framework of the EU-African Union (AU) partnership, during the 6th EU-AU Summit in February 2022; three joint positions for the International Conference on Population and Development and UN Commission on the Status of Women, and one in the occasion of an ECOSOC meeting.
Target 2: statement and commitments made by EU officials on gender equality and women's empowerment (GEWE) and Women, Peace and Security (WPS)	Target achieved for 2022 – EEAS reported 44 statements and 94 commitments on GEWE and WPS while EU Delegations reported 130 statements or commitments on GEWE and WPS in 2022.
Target 3: EU and its Member States' bilateral and regional dialogues that include WPS-related priorities and commitments	Target achieved for 2022 – For 2022 the EEAS reported 11 bilateral, 12 multilateral and one regional dialogue that included WPS-related priorities and commitments in 2022. 73% of EU Delegations were engaged in bilateral or regional dialogues on WPS-related priorities and commitments. 16 EU

Objective and targets of the GAP III (Part I)	Progress in 2022
	Member States reported having been engaged in bilateral, regional or multilateral dialogues on WPS with 84 instances of dialogue being reported.
Target 4: EU bilateral and multilateral/regional agreements and/or joint activities and programmes on WPS, gender equality and women's empowerment with partners inter alia UN, AU, NATO, CoE, OSCE, G7, G20 and ASEAN	Target achieved for 2022 – 18 agreements were reported by the EEAS.
Target 5: EU commitments/ engagements with the humanitarian initiative 'Call to Action on Protection from Gender-based Violence in Emergencies' and new Road Map 2021-2024	Target achieved for 2022 – The EU participated to the relevant events and reported on its eight commitments.
<b>Objective 10. Gender-responsive leadership enhanced</b>	
Target 1: 50% of women in senior and middle management positions in HQ external COM and EEAS services, EU Delegations, CSDP missions and operations and all EU Member States	In progress – For DGs ECHO, FPI, INTPA, NEAR TRADE and the EEAS 30% of senior management were women and 38% of middle management were women.
Target 2: Number and proportion of women mediators, negotiators and technical experts present in formal as well as informal peace processes where the EU and its Member States are engaged, with specific mention of those in high-level and leadership positions	In 2022, EEAS pool of mediators is gender-balanced: 50% are women (15 over 30 persons).  EU Special Representatives: 33% are women (three over nine persons); two women according to their mandate are involved in negotiations in Sahel and Horn of Africa.
Target 3: Gender balanced personnel in EU Election observation missions	Target achieved for 2022 – 50% of the observers who were deployed in 2022 were women.
Target 4: 50% women appointed as Deputy Chief Observer within EU election observation missions	Target not achieved for 2022 – 17% of the appointed deputy chief observers in 2022 are women.
Target 5: 100% of management trained on gender equality and women's empowerment (GEWE) and on GAP III	In progress – 33% of managers at Headquarter level and 49% at EU Delegation level have been trained on GEWE and GAP III in 2021 and 2022.
Target 6: Number and percentage of men and women staff at all levels, a) EU HQ b) diplomatic staff, c) civilian staff and d) military staff, participating in CSDP missions and operations that are trained on WPS (WPS Ind. 4)	Target achieved for 2022 – 100% of civilian staff participating in CSDP missions (2 183 persons) in 2022 were trained on WPS.
Target 7: Proportion of staff trained on conduct and discipline that includes content related to SEA and harassment including SH, among a) EU HQ b)	Target achieved for 2022 – 100% of civilian staff participating in CSDP missions (2 183 persons) were trained on conduct and

Objective and targets of the GAP III (Part I)	Progress in 2022
diplomatic staff, c) civilian staff and d) military staff participating in CSDP missions and operations (WPS Ind. 5)	discipline that includes content related to SEA and harassment including SH.
<b>Objective 11. Gender Advisors, Focal Persons/Points support for the integration of a gender perspective in EU policies, interventions, and dialogues</b>	
Target 1: All EU Delegations and headquarters external services have a gender focal person (GFP)	On track – 93% of reporting services have a GFP (87% for HQ level and 99% for EU Delegations level).
Target 2: Those gender focal persons have corresponding tasks in their job description	In progress – 66% of the GFP have the corresponding tasks in their job description. Compared to 2021, the share increased from 65% to 79% at HQ level and from 38% to 50% at EU Delegation level.

## 7. Financial Annexes

### 7.1. EU external assistance in 2022

#### 7.1.1. Introduction to financial tables

##### *General concepts and standards*

The tables and graphs in these financial annexes present the main data on the EU's International Partnerships (including development assistance) in 2022 by country, region, sector and instrument.

The legal and financial basis of the EU's International Partnerships under the 2021-2027 Multiannual Financial Framework (MFF) is composed of several instruments. The main one is the Neighbourhood, Development and International Cooperation Instrument – Global Europe (NDICI-Global Europe). NDICI-Global Europe includes geographical and thematic components previously covered by the EDF, the DCI and the ENI instruments. NDICI-Global Europe is entirely funded by the general budget of the EU. Other instruments include humanitarian assistance and the third Instrument of Pre-Adhesion (IPA III). While new commitments in 2022 are only made on new MFF instruments<sup>271</sup>, payments are made on both the new MFF and the previous MFF instruments, including the European Development Fund.

Whenever references are made in the following tables to the 'EU budget', this refers to the part of the EU general budget managed by the European Commission. It does not cover EU Member States' national budgets for development assistance.

The methodology of the financial annexes of the Annual Report is compliant with international standards as defined by OECD's Development Assistance Committee (DAC) and in particular:

- The financial tables are done at the two levels of project implementation used by OECD DAC: Commitments and Payments. Commitments are the legal and budgetary reservation of funds for a project to come, as defined by the project description document. Commitments best reflect the provider's intentions as they are usually implemented within the five years following the year they are reported. Payments are the sums disbursed to beneficiaries of contracts within agreed projects. They best reflect what has actually been implemented during the reported year.
- For the first time this year, de-commitments (representing partial or total withdrawal of reserved funds for a given project, due to a change of focus, a reduction or a cancellation of the project; the funds can be re-committed later on another project) are taken into account and reported as negative commitment in the financial annexes (as an example, in table 11A, the commitment under NDICI-Global Europe Thema / Basic health is - EUR 235 million corresponding to a net de-commitment of EUR 235 million). It eliminates the risk of over-reporting commitments and allows for a better overall picture of the implementation of the budget. As a result, there may be discrepancies with other reports produced by other European Commission services.
- The concept of Official Development Assistance (ODA) used throughout the tables and figures is defined by the OECD DAC. Not all EU external assistance can be reported as ODA. Whether a project is classified as ODA depends on the eligibility of the recipient country and the purpose and contents of the project.

---

<sup>271</sup> An exceptional, once-off series of EDF commitments for a total of 490 M EUR was made in 2022 and funded by previously decommitted EDF funds.

- The definition of ‘region’ reflects the country groupings used by OECD DAC. It does not always coincide with the country groupings used in the EC instruments. The granularity level of some of the tables allow for a breakdown by country and instrument for analytical purposes.
- It is worth noting that the level of granularity of Commitments is usually lower than the level of granularity of payments.
- The taxonomy of countries and territories of the financial annexes of the Annual Report is compliant with the European Commission’s Interinstitutional Style Guide as well as the latest guidelines elaborated by the European Commission’s Secretariat General on the subject. In particular:
  - ‘Kosovo\*’ in the tables refers to the following note: (\*) This designation is without prejudice to positions on status and is in line with UNSCR 1244/1999 and the ICJ Opinion on the Kosovo declaration of independence.
  - ‘Palestine\*’ in the tables refers to the following note: (\*) This designation shall not be construed as recognition of a State of Palestine and is without prejudice to the individual positions of the Member States on this issue.
- The grouping of ODA-eligible countries in four groups (Less Developed Countries or LDCs; Other Low-Income Countries or OLICs; Lower Middle-Income Countries or LMICs; Upper Middle Income Countries or UMICs) is a dimension widely used by OECD DAC and other international organisations. It is based on Gross National Income (GNI) per capita calculations and on human development indexes.
- The activity sectors used in the tables are those used by OECD DAC for sectoral ventilation (DAC purpose codes).

There are a number of methodological differences between the presentation of the data in this Annual Report and the OECD DAC statistics, which makes it difficult to compare the two data sets. To give a few examples, on the one hand, co-financing (contributions by EU Member States directly to specific projects) are included in the Annual Report as they are part of the EU’s operational portfolio, but not reported to OECD DAC in order to avoid double counting. On the other hand, transactions not funded by the Heading VI such as concessional loans by the European Investment Bank and Macro Financial Assistance loans to the European Neighbourhood (managed by the Directorate General of Economic and Financial Affairs) are reported to the OECD DAC but aren’t included in this report. In 2022, considering the volume of Macro Financial Assistance loans to the European Neighbourhood, and in particular to Ukraine, they are included for information only in a specific box that is part of table 1.

### *Structure and common elements*

The transition to the new MFF in 2021 has introduced new instruments and substantially modified the financial structure of the EU External Action. To reflect this as well as the evolution of reporting needs, the financial annexes were substantially modified and simplified at the time, while preserving the continuity of the series. This new layout has been used in 2022 as well.

Financial annexes of the 2022 Annual Report are structured in four sections as follows:

- Tables 1 to 18 are the core of the financial reporting. These tables remain mostly unchanged year after year and ensure the continuity of the statistical series. They present commitments and payments funded by the Heading VI.
- Tables 19 to 22 are specific to the new MFF 2021-2027 and address specific needs and legal requirements.
- Tables TF1 to TF6 present data on the implementation of the European Union Trust Funds.

- Tables 1 Bis to 7 Bis are new to this report. They copy tables 1 to 7 in a way that has been specially adapted to be machine-readable for the visually impaired. Their presentation doesn't follow the standard layout of the Annual Report financial tables.

At the top right of each table, a small information box specifies whether the figures in the table are Commitments or Disbursements (C or D respectively); whether only Official Development Assistance (ODA) figures or non-ODA figures are included (Y or N, depending); which of the EDF, the INTPA (Directorate-General for International Partnerships) budget lines, and the non-INTPA budget lines (including Directorate-General for Neighbourhood and Enlargement Negotiations) are included (Y or N, depending).

To improve readability, all numbers in the tables are presented as rounded up to the nearest million euro. When a table shows the number '0', it means that the exact figure is lower than EUR 0.5 million. When a table shows a blank, it means that the exact figure is zero.

A list of abbreviations is also provided in this annex.

#### *List of tables*

Table 1 shows the relative importance of external assistance in the overall expenditure of the European Commission.

This year, it includes an additional information box on the Macro Financial Assistance loans to neighbourhood countries. MFA loans are not funded by Heading VI of the EU budget so they are not part of this Annual Report in principle, but constitute ODA and are therefore reported to the OECD DAC in 'grant equivalent', the standard DAC reporting method for sovereign sector loans. They are included here for information.

Table 2 provides a breakdown between ODA and non-ODA by Directorate-General.

Table 3 provides detailed breakdowns of the commitments and payments funded by the EU Budget by managing entity and instrument.

Table 4 presents a breakdown of the payments funded by the European Development Fund for 2022. New commitments targeting the geographical area of former EDF are now made under NDICI-GE and are part of the EU Budget shown on table 3A above, with one exception: EUR 602 million worth of commitments funded by the European Development Fund were made exceptionally in 2022 and are shown in this table.

Table 5 gives a detailed sectoral breakdown of ODA by Directorate-General.

Table 6 gives a breakdown of European Commission external assistance by country.

Table 7 shows the distribution of ODA by OECD high-level sector and different country groupings, including the country income level group.

Table 8 combines a ventilation of ODA by sector and by country and includes a calculation of ODA *per capita*.

Table 9 and 10 provide a detailed sectoral breakdown of ODA by region for INTPA and non-INTPA ODA respectively.

Table 11 combines a detailed breakdown of ODA by sector and by instrument.

Table 12 provides a complete detailed breakdown of EU external assistance. It includes ODA eligible countries as well as ineligible countries and territories, non-allocated flows, core funding to multilaterals and administrative costs to give a complete picture.

Table 13 introduces a breakdown by aid mechanism (project approach, general and sectoral budget support) combined with instruments.

Tables 14 to 17 show an evolution over the last 5 years of some the key variables: sources of the external assistance by Directorate General, sectoral breakdown, breakdown by region, income group, aid modality.

Table 18 (newly introduced in 2021) provides a history of the new MFF broken down by instrument.

Table 19 addresses requests by the Council of the European Union<sup>272</sup> and shows 2022 payments reporting on implementation by type of implementation partners in both direct and indirect management, as referenced in the Financial Regulation<sup>273</sup>. This table is a synthesis of several tables presented in the previous report.

Detailed lists of contracts signed with international organisations or development agencies in indirect management are available in the Annual Activity Reports (annex 6) of the Directorate General for International Cooperation and Development (INTPA), the Directorate General for Neighborhood and Enlargement Negotiations (NEAR), and the Directorate General for European Civil Protection and Humanitarian Aid Operations (ECHO) respectively, at the following link: [https://ec.europa.eu/info/publications/annual-activity-reports\\_en](https://ec.europa.eu/info/publications/annual-activity-reports_en)

Table 20 provides a breakdown of 2022 payments by ‘forms of union funding’ using the new taxonomy defined in Article 27 of the NDICI-GE basic act, as requested by Article 41 of the NDICI basic act<sup>274</sup>, for both direct and indirect management modes.

- For the sake of clarity, certain forms of EU funding that are not explicitly included in Article 27 NDICI are shown on distinct lines: this is in particular the case of Contribution and Delegation Agreements as well as Program Estimates.
- ‘Blending’ is defined in the context of this table as payments on contracts funded by the European Commission leading to the mobilisation of additional public or private finance for the implementation of projects. Mobilised funds *per se* are not included.

Table 21 (added in 2021) provides a detailed breakdown of completion lines (disbursements funded by the previous MFF) by instrument, excluding the EDF covered by table 4 above.

Table 22 (added in 2021) presents the contribution to the Sustainable Development Goals (SDG) in 2021 for Commitments and Disbursements. Each transaction contributes to one ‘main’ SDG and up to 9 ‘significant’ SDGs, for a maximum total of 10. As there can be only one ‘main’ SDG per transaction, there is no double counting of ‘main’ SDGs and the total matches the total of transactions. The ‘significant’ SDGs reflects the transversal nature of SDGs.

Table TF1 to TF6 provide information on the implementation of EU Trust Funds. EU Trust Funds are new development tools that pool together resources from different donors (including the European

---

<sup>272</sup> WK 1423/2020 REV 2

<sup>273</sup> Financial Regulation Article 62 para 1 point c).

<sup>274</sup> REGULATION (EU) 2021/947 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 9 June 2021 establishing the Neighbourhood, Development and International Cooperation Instrument – Global Europe

Commission) in order to enable a quick, flexible, and collective EU response to the different dimensions of a situation requiring urgent response. They are specific instruments with their own accounts and financial management

As of 2022, 4 EU Trust Funds are active: TF Africa (fostering stability and assisting a broad group of countries across the African continent), TF Bêkou (addressing the crisis in Central Africa), TF Madad (addressing the consequences of the Syrian crisis) and TF Colombia (in support of Colombia's post-conflict peace building efforts).

The tables TF 1 to TF 6 are shown to provide some information on the financial implementation of the EU Trust Funds in a way that is consistent with international DAC standards.

Annex TF 1 shows the contributions to the Trust Funds, both during previous years and for 2021.

Annexes TF 2 to TF 6 provide the breakdown of the expenditure realised by the active Trust Funds.

Tables 3A Bis to 7 Bis duplicate tables 3A to 7 in a way that has been specially adapted to be machine-readable for the visually impaired, in compliance with EC publication requirements.

### 7.1.2. Financial tables

**The Annual Report main financial annex consists of the following tables:**

- 1 Percentage of EU Budget committed and disbursed on External Action in 2022
- 2 Proportion of External Action used for Official Development Assistance (ODA) in 2022
- 3A General EU budget for External Action in 2022 by DG – Commitments
- 3B General EU budget for External Action in 2022 by DG – Disbursements
- 4 European Development Fund (EDF) in 2022 – Disbursements
- 5A Sectoral breakdown of ODA managed by the European Commission in 2022 - Commitments
- 5B Sectoral breakdown of ODA managed by the European Commission in 2022 – Disbursements
- 6A Country breakdown of European Commission development assistance in 2022 – Commitments
- 6B Country breakdown of European Commission development assistance in 2022 – Disbursements
- 7 Distribution of ODA by OECD Sector and Country Grouping in 2022
- 8A ODA Recipient Country by main OECD sector in 2022 – Commitments
- 8B ODA Recipient Country by main OECD sector in 2022 – Disbursements
- 9A INTPA in 2022: A closer look. Sectoral breakdown per region – Commitments
- 9B INTPA in 2022: A closer look. Sectoral breakdown per region – Disbursements
- 10A Budget Non-INTPA in 2022: A closer look. Sectoral breakdown per region – Commitments
- 10B Budget Non-INTPA in 2022: A closer look. Sectoral breakdown per region – Disbursements
- 11A Sectoral breakdown per instrument in 2022 – Commitments
- 11B Sectoral breakdown per instrument in 2022 – Disbursements

12A Breakdown by country and instrument for 2022 – Commitments

12B Breakdown by country and instrument for 2022 – Disbursements

13A Breakdown by co-operation modality and by instrument 2022 – Commitments

13B Breakdown by co-operation modality and by instrument 2022 – Disbursements

14A Sources of External Action in 2018 - 2022 – Commitments

14B Sources of External Action in 2018 - 2022 – Disbursements

15 Sectoral breakdown of Official Development Assistance (ODA) for 2018 – 2022

16A Regional distribution of Official Development Assistance (ODA) to developing countries for 2018 – 2022

16B Regional distribution of Official Development Assistance (ODA) to developing countries for 2018 – 2022

17 Breakdown by co-operation modality for 2018 – 2022

18 ODA by instrument for 2021 – 2027

19 Breakdown by Management Type - Disbursements in 2022

20 Disbursements - Breakdown by forms of Union Funding as defined in Articles 41 and 27 NDICI

21 Disbursements related to the previous MFF

22A - Number of contributing programmes per SDG for 2022 – Commitments

22B - Number of contributing programmes per SDG for 2022 – Disbursements

TF 1 Overview of incoming contributions (disbursements from contributors)

TF 2A Overview of committed and disbursed amounts

TF 2B Proportion of Trust Funds assistance used for Official Development Aid (ODA) in 2022

TF 3A Sectoral breakdown of Trust Fund Africa

TF 3B Regional breakdown of Trust Fund Africa

TF 4 Sectoral breakdown of Trust Fund Bêkou

TF 5 Sectoral breakdown of Trust Fund Colombia

TF 6 Sectoral breakdown of Trust Fund Madad

3A - BIS General EU budget for External Action in 2022 by DG – Commitments

3B - BIS General EU budget for External Action in 2022 by DG – Disbursements

4 - BIS European Development Fund (EDF) in 2022 – Disbursements

5A - BIS Sectoral breakdown of ODA managed by the European Commission in 2022 – Commitments

5B - BIS Sectoral breakdown of ODA managed by the European Commission in 2022 – Disbursements

## 7 - BIS Distribution of ODA by OECD Sector and Country Grouping in 2022

**Note: All amounts are displayed in EUR millions.**

## Table of Abbreviations

Abbreviation	Meaning
ACP	Africa, Caribbean, Pacific
AGRI	The Directorate-General for Agriculture and Rural Development
CEEC	Central and Eastern European Countries
CFSP	Common Foreign and Security Policy Instrument
CLIMA	The Directorate-General for Climate Action
DCI - Geo	Development Cooperation Instrument - Geographic
DCI - Thema	Development Cooperation Instrument - Thematic
ECFIN	The Directorate-General for Economic and Financial Affairs
ECHO	The Directorate-General for Humanitarian Aid and Civil Protection

\* The European Union Emergency Trust Fund for stability and addressing root causes of irregular migration and displaced persons in Africa.

\*\* The non-ODA part of the Trust Fund Africa is entirely funded by the Directorate General for Migration and Home Affairs (DG HOME) under Heading III of the EU Budget. Therefore, the part of the Trust Fund Africa funded by other financial sources (including EU Budget Heading IV, the EDF and EU Member States contributions) is 100 % ODA eligible.

## 7.2. EU External Investment Plan / Blending in 2022

### 7.2.1. Introduction to EU External Investment Plan Blending Tables

Section 5.2.2. of this report (see Part I of this SWD) gives an overview of the EU's use of blending as a way of financing development projects. Blending combines grants from the EU with loans and other types of financing from development banks and other public and private investors.

On a global scale, from the creation of the first blending facilities in 2007, more than EUR 9.2 billion of EU grants are estimated to have leveraged over EUR 79 billion of loans by financial institutions and regional development banks for a total investment volume of more than EUR 142 billion.

Blending is one of the cornerstones of the **EU External Investment Plan (EIP)**, a major EU initiative. The EIP was created in 2017 to scale up investment in Sub-Saharan Africa and the EU Neighbourhood.

The Plan has a financing arm, the European Fund for Sustainable Development (EFSD), managing EU contributions in excess of EUR 6 billion from 2017 to 2022.

Of this, approximately EUR 4.6 billion is for blending projects, and the remaining amount is for the EFSD guarantee. Tables B1.1, B1.2 and B1.3 that follow give figures for blending projects, which the EU approved in 2022 for the Plan's two main target regions: Sub-Saharan Africa and the EU Neighbourhood.

The tables show:

- How much the EU contributed towards blending projects;
- How much investment the projects are expected to generate (leverage);
- What form the EU's contributions take; and
- What areas of the economy the projects focus on.

A final table (B2) shows the share of total EU contributions allocated to least-developed and middle- and high-income countries in Sub-Saharan Africa.

### 7.2.2. EU External Investment Plan Blending Tables

**Table B.1.1: Blending projects approved in 2022**

**Overall EU contribution (EUR) and leverage (fees excluded):**

	<b>Sub-Saharan Africa*</b>	<b>EU Neighbourhood</b>	<b>Total</b>
EU contribution	227.1 million	234.7 million	461.8 million
Investment leveraged	1.4 billion	4.8 billion	6.2 billion
Number of projects	15	11	26

---

\* This includes thematic projects with Sub-Saharan Africa and the Neighbourhood in their scope, with project amounts included pro-rata.

**Table B.1.2: EU contributions by type of support (2022)****Sub-Saharan Africa**

<b>Support</b>	<b>EU Contribution (EUR million)</b>
Technical Assistance	72.4
Investment grant	134.0
Interest Rate Subsidy	-
Equity	20.7
Guarantee	-
