Inquiry regarding KOM (2011) 803

Dear Commissioner Šefčovič,

The European Affairs Committee of the Danish Parliament has debated the report from the European Commission to the Council and the European Parliament called "Minimizing regulatory burden for SMEs Adapting EU regulation to the needs of micro-enterprises", KOM (2011) 803.

In order to qualify the Committee's work with this very important political topic please allow me - on behalf of the Danish Parliament – to ask the Commission to inform the European Affairs Committee of the Danish Parliament of the status of the report and how the report is included in the legislative work of the Commission. The Commission is also kindly requested to inform the European Affairs Committee of the Danish Parliament whether consultations have been initiated or legislative initiatives have been proposed concerning the topics mentioned in respectively annexes 1 and 2 of the report, or when the Commission expects to propose legislative initiatives concerning these topics. Furthermore the Commission is kindly requested to describe in brief the content of the legislative initiatives that might have been drafted.

I hope the Commission will be able to respond to this inquiry and thus contribute to the Danish Parliament's considerations on European matters.

Yours sincerely
