6. RELATED PARTIES

The related parties of the entity are the EU consolidated entities and the key management personnel of these entities. Transactions between these entities take place as part of the normal operations of the EU and as this is the case, no specific disclosure requirements are necessary for these transactions in accordance with the EU accounting rules.

Details on key management entitlements are provided in note **7** of the EU consolidated annual accounts.

7. EVENTS AFTER THE BALANCE SHEET DATE

At the date of signing of these accounts, except for the matter outlined below, no material issues had come to the attention of the Accounting Officer of the Commission or were reported to him that would require separate disclosure under this section. The accounts and related notes were prepared using the most recently available information and this is reflected in the information presented.

On 23 June 2016, the citizens of the United Kingdom voted to leave the European Union. To give effect to this decision of the British people, Article 50 of the Treaty on European Union must be invoked. This article sets out the procedure to be followed if a Member State decides to leave the European Union, and only when this article is activated can the negotiations on the departure of the United Kingdom begin. In accordance with the guidelines provided by the European Council, the Union shall then negotiate and conclude an agreement with the United Kingdom, setting out the arrangements for its withdrawal, taking account of the framework for its future relationship with the Union. At the time of the signing of these accounts, formal notification of the triggering of Article 50 has not been presented.
