Dear Ioanna

In continuation of the below, we have received an inquiry from the European Committee of the Danish Parliament requesting also any additional correspondence between the Commission and the Danish authorities since the follow up questions were sent by the Danish Ministry of Taxation to the Commission on the 26 October 2020. We have identified the attached e-mail correspondences.

Again, we kindly ask for the Commission services to comment on the disclosure of the attached documents.

We would be grateful to receive any comments within this week.

Thank you very much in advance and wishing you a happy new year.

Dear Ionna

Referring to the e-mail of yesterday with reply from Director Mr Angel to the follow-up questions of the Danish authorities on the Commission Recommendation (EU) 2020/1039 of 14 July 2020 (attached), and due to the continuous political focus on this issue, the Danish Government wish to inform the Danish Parliament of this latest reply.

Similar to the document referred to in the below correspondence (the first reply from the Commission to questions from the Danish authorities regarding the Commission Recommendation (EU) 2020/1039 of 14 July 2020), this document would – if released – become publicly available on the Danish Parliament's website.

For the sake of good order and due to confidential purposes between the Danish authorities and the EU institutions, we kindly ask for the Commission services to comment on whether the Commission's reply may be disclosed.

We will be grateful to receive a response from the Commission services as soon as possible and preferably before 21 December 2020.

Dear Lise,

Many thanks for consulting us on this access request.
We do not have objections to releasing the requested document to Parliament. We do not think that there are grounds under Regulation 1049/2001 for justifying a non-disclosure in the specific context.

Kind regards,
Ioanna
