2. If five arbitrators are to be appointed, each of the parties shall designate two of them. The four arbitrators appointed by the parties shall select the fifth arbitrator, who shall be the chair of the arbitral tribunal.
3. If, within 30 days of the designation of the last arbitrator appointed by the parties, the arbitrators have not reached agreement on the selection of the chair of the arbitral tribunal, the chair shall be appointed by the Secretary-General of the Permanent Court of Arbitration.
4. When a person is being considered for appointment as an arbitrator, that person shall report all circumstances likely to give rise to legitimate doubts as to his or her impartiality or independence. 2. Any arbitrator may be dismissed if circumstances exist that could give rise to legitimate doubts about his or her impartiality or independence.

3. A party may only request the dismissal of an arbitrator that it has appointed for a reason that becomes known to it after that appointment.

4. If an arbitrator fails to act or if it is impossible *de jure* or *de facto* for an arbitrator to fulfil his or her role, the procedure for the dismissal of arbitrators laid down in Article II.4 shall apply.

ARTICLE II.4

2. The request for dismissal shall be sent to the other party, to the dismissed arbitrator, to the other arbitrators and to the International Bureau. It shall set out the reasons for the request for dismissal.

3. When a request for dismissal has been made, the other party may accept the request for dismissal. The arbitrator in question may also step aside. The acceptance or stepping aside does not imply acknowledgement of the reasons for the request for dismissal.

4. If, within 15 days of the date of the notification of the request for dismissal, the other party does not accept the request for dismissal or the arbitrator in question does not step aside, the party requesting the dismissal may ask the Secretary-General of the Permanent Court of Arbitration to take a decision on the dismissal.

5. Unless the parties agree otherwise, the decision referred to in paragraph 4 shall indicate the reasons for that decision.

ARTICLE II.5

Replacement of an arbitrator

1. Subject to paragraph 2 of this Article, if it is necessary to replace an arbitrator during the arbitration proceedings, a replacement shall be appointed or selected in accordance with the procedure laid down in Article II.2 applicable to the appointment or selection of the arbitrator to be replaced. That procedure shall apply even if one party had not exercised its right to appoint or to participate in the appointment of the arbitrator to be replaced.

2. In the event of replacement of an arbitrator, the procedure shall resume at the stage where the replaced arbitrator ceased to perform his or her functions, unless the arbitral tribunal decides otherwise.

ARTICLE II.6

Exclusion of liability

Except in cases of intentional wrongdoing or gross negligence, the parties renounce, to the maximum extent permitted by the applicable law, any action against the arbitrators for any act or omission related to the arbitration.

CHAPTER III

ARBITRATION PROCEEDINGS

ARTICLE III.1

General provisions

1. The date of establishment of the arbitral tribunal shall be the date on which the last arbitrator has accepted his or her appointment.
2. The arbitral tribunal shall ensure that the parties are treated equally and that, at an appropriate stage of the proceedings, each of them has sufficient possibility to assert their rights and present their case. The arbitral tribunal shall conduct the proceedings in such a way as to avoid delays and unnecessary expenditure and to ensure the dispute between the parties is settled.
3. A hearing shall be organised, unless the arbitral tribunal decides otherwise, having heard the parties.
4. When a party sends a communication to the arbitral tribunal, it shall do so through the International Bureau and shall send a copy to the other party at the same time. The International Bureau shall send a copy of that communication to each of the arbitrators.

ARTICLE III.2

Place of arbitration

The place of arbitration is The Hague. The arbitral tribunal may, if exceptional circumstances so require, meet at any other place that it considers appropriate for its deliberations.

ARTICLE III.3

Language

1. The languages of the proceedings shall be French and English.
2. The arbitral tribunal may order all documents enclosed with the statement of claim or the statement of defence and all further documents produced during the proceedings, submitted in their original language, to be accompanied by a translation in one of the languages of the proceedings.

ARTICLE III.4

Statement of claim

1. The applicant shall send its statement of claim in writing to the defendant and to the arbitral tribunal through the International Bureau, within the time limit set by the arbitral tribunal. The applicant may decide to deem its notice of arbitration referred to in Article I.4 a statement of claim, provided that it also meets the conditions in paragraphs 2 and 3 of this Article.

2. The statement of claim shall include the following information:
 - (a) the information set out in points (b) to (f) of Article I.4(3);
 - (b) a statement of facts submitted in support of the claim; and
 - (c) the legal arguments put forward in support of the claim.
3. The statement of claim shall, as far as possible, be accompanied by any documents and other evidence mentioned by the applicant or should refer to them.

ARTICLE III.5

Statement of defence

1. The defendant shall send the statement of defence in writing to the applicant and to the arbitral tribunal through the International Bureau, within the time limit set by the arbitral tribunal. The defendant may decide to deem the response to the notice of arbitration referred to in Article I.5 a statement of defence, provided that the response to the notice of arbitration also meets the conditions in paragraph 2 of this Article.
2. The statement of defence shall respond to the points in the statement of claim indicated in accordance with points (a) to (c) of Article III.4(2) of this Protocol. It shall, as far as possible, be accompanied by any documents and other evidence mentioned by the defendant or should refer to them.

3. In the statement of defence, or at a later stage in the arbitration proceedings if the arbitral tribunal decides that a delay is justified by circumstances, the defendant may make a counterclaim provided that the arbitral tribunal has jurisdiction in respect of it.
4. Article III.4(2) and (3) shall apply to a counterclaim.

ARTICLE III.6

Arbitral jurisdiction

1. The arbitral tribunal shall rule on whether it has jurisdiction on the basis of Articles 7a(2) or 7b(2) of the Agreement.
2. In the cases referred to in Article 7a(2) of the Agreement, the arbitral tribunal shall have a mandate to examine the question causing the dispute as officially entered, for resolution, on the agenda of the Joint Committee on Agriculture in accordance with Article 7a(1) of the Agreement.
3. In the cases referred to in Article 7b(2) of the Agreement, the arbitral tribunal that heard the main case shall have a mandate to examine the proportionality of the disputed compensatory measures, including where those measures have in whole or in part been taken in the Protocol establishing a Common Food Safety Area.

4. A preliminary objection of lack of jurisdiction of the arbitral tribunal shall be made at the latest in the statement of defence or, in the case of a counterclaim, in the reply. The fact that a party has appointed an arbitrator or has taken part in their appointment shall not deprive it of the right to make such a preliminary objection. The preliminary objection that the dispute would exceed the arbitral tribunal's powers shall be made as soon as the question alleged to exceed its powers is raised during the arbitration proceedings. In any event, the arbitral tribunal may allow a preliminary objection made after the time limit laid down has elapsed if it believes that the delay was for a valid reason.

5. The arbitral tribunal may rule on the preliminary objection referred to in paragraph 4 either by treating it as a preliminary question or in the decision on the substance of the case.

ARTICLE III.7

Other written submissions

The arbitral tribunal shall, after having consulted the parties, decide what other written submissions, in addition to the statement of claim and statement of defence, the parties shall or may submit and shall set the time limit for their submission.

ARTICLE III.8

Time limits

1. The time limits set by the arbitral tribunal for the communication of the written documents, including the statement of claim and the statement of defence, shall not exceed 90 days, unless the parties agree otherwise.
2. The arbitral tribunal shall take its final decision within 12 months of the date of its establishment. In exceptional circumstances of particular difficulty, the arbitral tribunal may extend that period by up to three additional months.
3. The time limits laid down in paragraphs 1 and 2 shall be halved:
 - (a) upon request by the applicant or the defendant, if, within 30 days of that request, the arbitral tribunal rules, after hearing the other party, that the case is urgent; or
 - (b) if the parties so agree.
4. In the cases referred to in Article 7b(2) of the Agreement, the arbitral tribunal shall take its final decision within six months of the date on which the compensatory measures have been notified in accordance with Article 7b(1) of the Agreement.

ARTICLE III.9

Interim measures

1. In the cases referred to in Article 7b(2) of the Agreement, either party may, at any stage of the arbitration procedure, apply for interim measures consisting of the suspension of the compensatory measures.
2. An application pursuant to paragraph 1 shall state the subject-matter of the proceedings, the circumstances giving rise to urgency and the pleas of fact and law establishing *a prima facie* case for the interim measures applied for. It shall contain all the evidence and offers of evidence available to justify the grant of the interim measures.
3. The party requesting the interim measures shall send its application in writing to the other party and to the arbitral tribunal through the International Bureau. The arbitral tribunal shall set a short time limit within which that other party may submit written or oral observations.
4. The arbitral tribunal shall, within one month of the submission of the application referred to in paragraph 1, adopt a decision on the suspension of the contested compensatory measures if the following conditions are met:
 - (a) the arbitral tribunal is *prima facie* satisfied of the merit of the case submitted by the party requesting the interim measures in its application;
 - (b) the arbitral tribunal considers that, pending its final decision, the party requesting the interim measures would suffer serious and irreparable harm absent the suspension of the compensatory measures; and

(c) the harm caused to the party requesting the interim measures by the immediate application of the contested compensatory measures outweighs the interest in the immediate and effective application of those measures.

5. A decision taken by the arbitral tribunal in accordance with paragraph 4 shall have only an interim effect and shall be without prejudice to the decision of the arbitral tribunal on the substance of the case.

6. Unless the decision taken by the arbitral tribunal in accordance with paragraph 4 of this Article sets an earlier date for the end of the suspension, the suspension shall lapse when the final decision pursuant to Article 7b(2) of the Agreement is taken.

7. For the avoidance of doubt, for the purposes of this Article, it is understood that, in considering the respective interests of the party requesting the interim measures and the other party, the arbitral tribunal shall take into account those of the individuals and economic operators of the parties, but that consideration shall not amount to granting any standing to such individuals or economic operators before the arbitral tribunal.

ARTICLE III.10

Evidence

1. Each party shall provide evidence of the facts forming the grounds of its claim or its defence.

2. On request of a party, or on its own initiative, the arbitral tribunal may seek from the parties relevant information it considers necessary and appropriate. The arbitral tribunal shall set a time limit for the parties to respond to its request.
3. On request of a party, or on its own initiative, the arbitral tribunal may seek from any source any information it considers appropriate. The arbitral tribunal may also seek the opinion of experts as it considers appropriate and subject to any terms and conditions agreed by the parties, where applicable.
4. Any information obtained by the arbitral tribunal under this Article shall be made available to the parties, and the parties may submit comments on that information to the arbitral tribunal.
5. After seeking the views of the other party, the arbitral tribunal shall adopt appropriate measures to address any questions raised by a party with regard to the protection of personal data, professional secrecy and the legitimate interests of confidentiality.
6. The arbitral tribunal shall be the judge of the admissibility, relevance and strength of the evidence submitted.

ARTICLE III.11

Hearings

1. When a hearing must take place, the arbitral tribunal, having consulted the parties, shall notify the parties sufficiently far in advance of the date, time and place of the hearing.

2. The hearing shall be public, unless the arbitral tribunal, of its own motion or on application by the parties, decides otherwise for serious reasons.
3. Minutes of each hearing shall be drawn up and signed by the chair of the arbitral tribunal. Only those minutes shall be authentic.
4. The arbitral tribunal may decide to hold the hearing virtually in accordance with the practice of the International Bureau. The parties shall be informed of this practice in a timely manner. In such cases, paragraph 1, *mutatis mutandis*, and paragraph 3 shall apply.

ARTICLE III.12

Default

1. If, within the time limit set by this Protocol or by the arbitral tribunal, without showing sufficient cause, the applicant has not submitted its statement of claim, the arbitral tribunal shall order the closure of the arbitration proceedings, unless there are outstanding questions on which a ruling may be necessary and if the arbitral tribunal considers it appropriate to do so.

If, within the time limit set by this Protocol or by the arbitral tribunal, without showing sufficient cause, the defendant has not submitted its response to the notice of arbitration or its statement of defence, the arbitral tribunal shall order the continuation of the proceedings, without considering that default of itself to constitute acceptance of the applicant's allegations.

The second subparagraph also applies where the applicant fails to submit a reply to a counterclaim.

2. If a party, duly convened in accordance with this Article III.11(1), does not appear at a hearing and does not demonstrate sufficient cause for its failure to do so, the arbitral tribunal may continue the arbitration.

3. If a party, duly invited by the arbitral tribunal to produce further evidence, fails to do so within the time limits set without showing sufficient cause for its failure to do so, the arbitral tribunal may rule on the basis of the evidence it has available.

ARTICLE III.13

Closure of the procedure

1. Where it is demonstrated that the parties have reasonably had the possibility of presenting their arguments, the arbitral tribunal may declare the closure of the proceedings.

2. The arbitral tribunal may, if it considers it necessary because of exceptional circumstances, decide on its own initiative or at the request of a party to reopen the proceedings at any time before it has taken its decision.

CHAPTER IV

DECISION

ARTICLE IV.1

Decisions

The arbitral tribunal shall strive to take its decisions by consensus. If, however, it proves impossible to take a decision by consensus, the arbitral tribunal's decision shall be taken by a majority of the arbitrators.

ARTICLE IV.2

Form and effect of the decision of the arbitral tribunal

1. The arbitral tribunal may take separate decisions on different questions at different times.
2. All decisions shall be issued in writing and shall state the reasons on which they are based. They shall be final and binding on the parties.
3. The decision of the arbitral tribunal shall be signed by the arbitrators, shall contain the date on which it was taken and state the place of arbitration. A copy of the decision signed by the arbitrators shall be communicated to the parties by the International Bureau.

4. The International Bureau shall make the decision of the arbitral tribunal public.

When making the decision of the arbitral tribunal public, the International Bureau shall respect the relevant rules on the protection of personal data, professional secrecy and the legitimate interests of confidentiality.

The rules referred to in the second subparagraph shall be identical for all bilateral agreements in the fields of the internal market in which Switzerland participates, as well as for the Agreement on health, the Agreement on trade in agricultural products and the Agreement on Switzerland's regular financial contribution. The Joint Committee on Agriculture shall adopt and update those rules by a decision for the purposes of the Agreement.

5. The parties shall comply with all decisions of the arbitral tribunal without delay.

6. In the cases referred to in Article 7a(2) of the Agreement, having obtained the opinion of the parties, the arbitral tribunal shall set a reasonable time limit in the decision on the substance of the case to comply with its decision in accordance with Article 7a(3) of the Agreement taking account of the parties' internal procedures.

ARTICLE IV.3

Applicable law, rules of interpretation, mediator

1. The applicable law consists of the Agreement, as well as any other rule of international law relevant to the application thereof.

2. Prior decisions taken by a dispute settlement body with regard to the proportionality of compensatory measures under the Protocol establishing a Common Food Safety Area referred to in Article 7b(1) of the Agreement shall be binding upon the arbitral tribunal.
3. The arbitral tribunal shall not be permitted to decide as mediator or *ex aequo et bono*.

ARTICLE IV.4

Mutually agreed solution or other reasons for closure of the proceedings

1. The parties may, at any time, mutually agree a solution to their dispute. They shall jointly communicate any such solution to the arbitral tribunal. If the solution requires approval pursuant to the relevant domestic procedures of either party, the notification shall refer to that requirement, and the arbitration procedure shall be suspended. If such approval is not required, or upon notification of the completion of any such domestic procedures, the arbitration procedure shall be closed.
2. If, in the course of proceedings, the applicant informs the arbitral tribunal in writing that it does not wish to further pursue the proceedings, and if, at the date on which that communication is received by the arbitral tribunal, the defendant has not yet taken any step in the proceedings, the arbitral tribunal shall issue an order officially recording the closure of the proceedings. The arbitral tribunal shall decide on the costs, which shall be borne by the applicant if this appears justified by the conduct of that party.

3. If, before the decision of the arbitral tribunal is taken, the arbitral tribunal concludes that the continuation of the proceedings has become pointless or impossible for any reason other than those referred to in paragraphs 1 and 2, the arbitral tribunal shall inform the parties of its intention to issue an order closing the proceedings.

The first subparagraph does not apply where there are outstanding questions on which it may be necessary to rule and if the arbitral tribunal judges it appropriate to do so.

4. The arbitral tribunal shall communicate to the parties a copy of the order closing the arbitration proceedings or of the decision taken by agreement between the parties, signed by the arbitrators. Article IV.2(2) to (5) shall apply to arbitration decisions taken by agreement between the parties.

ARTICLE IV.5

Correction of the decision of the arbitral tribunal

1. Within 30 days of receiving the decision of the arbitral tribunal, a party may, by giving notice to the other party and to the arbitral tribunal through the International Bureau, ask the arbitral tribunal to correct in the text of the decision of the arbitral tribunal any errors in computation, any clerical or typographical errors, or any errors or omissions of a similar nature. If it considers the request to be justified, the arbitral tribunal shall make the correction within 45 days of receiving the request. The request shall not have a suspensive effect on the time limit provided for in Article IV.2(6).

2. The arbitral tribunal may, within 30 days of communicating its decision, make the corrections referred to in paragraph 1 on its own initiative.
3. The corrections referred to in paragraph 1 of this Article shall be done in writing and form an integral part of the decision. Article IV.2(2) to (5) shall apply.

ARTICLE IV.6

Arbitrators' fees

1. The fees referred to in Article IV.7 shall be reasonable, taking account of the complexity of the case, the time spent on it by the arbitrators and all other relevant circumstances.
2. A list of daily compensation and maximum and minimum hours, which shall be common to all bilateral agreements in the fields related to the internal market in which Switzerland participates as well as the Agreement on health, the Agreement on trade in agricultural products and the Agreement on Switzerland's regular financial contribution, shall be established and updated when necessary. The Joint Committee on Agriculture shall adopt and update that list by a decision for the purposes of the Agreement.

ARTICLE IV.7

Costs

1. Each party shall bear its own costs and half of the costs of the arbitral tribunal.

2. The arbitral tribunal shall set its costs in its decision on the substance of the case. Those costs shall include only:

- (a) the arbitrators' fees, to be stated separately for each arbitrator and to be set by the arbitral tribunal itself in accordance with Article IV.6;
- (b) the travel and other expenses incurred by the arbitrators; and
- (c) the fees and expenses of the International Bureau.

3. The costs referred to in paragraph 2 shall be reasonable, taking account of the amount in dispute, the complexity of the dispute, the time that the arbitrators and any experts appointed by the arbitral tribunal have spent on it and any other relevant circumstances.

ARTICLE IV.8

Deposit of costs

1. At the start of the arbitration, the International Bureau may ask the parties to deposit an equal amount as an advance for the costs referred to in Article IV.7(2).

2. During the arbitration proceedings, the International Bureau may request from the parties deposits supplementary to those referred to in paragraph 1.

3. All amounts deposited by the parties in application of this Article shall be paid to the International Bureau and paid out by it to cover the costs actually incurred, including in particular the fees paid to the arbitrators and to the International Bureau.

PART I

GENERAL PROVISIONS

ARTICLE 1

Purpose

The purpose of this Protocol is to extend the scope of the Agreement between the European Community and the Swiss Confederation on trade in agricultural products, done at Luxembourg on 21 June 1999 (hereinafter referred to as the "Agreement on trade in agricultural products"), to the entire food chain by establishing a Common Food Safety Area between the Parties and to guarantee for the Parties, and for economic operators and individuals, greater legal certainty, equal treatment and a level playing field in the field of the internal market falling under the scope of the Common Food Safety Area.

ARTICLE 2

Scope

The scope of the Common Food Safety Area shall cover all stages of production, processing and distribution of food, feed and animal by-products; animal health and welfare; plant health and plant protection products; plant reproductive materials; antimicrobial resistance; animal breeding; contaminants and residues; materials and articles intended to come into contact with food; labelling; as well as the related official controls.

ARTICLE 3

Bilateral agreements in the fields related to the internal market in which Switzerland participates

1. Existing and future bilateral agreements between the Union and Switzerland in the fields related to the internal market in which Switzerland participates shall be considered as a coherent whole which ensures a balance of rights and obligations between the Union and Switzerland.
2. This Protocol constitutes a bilateral agreement in a field related to the internal market in which Switzerland participates.

ARTICLE 4

Definition

For the purposes of this Protocol, "legal acts adopted on the basis of any of the legal acts listed in Annex I" means the legal acts designated as delegated or implementing acts in accordance with the Treaty on the Functioning of the European Union (hereinafter referred to as "TFEU") as well as other non-legislative legal acts adopted on the basis of any of the legal acts listed in Annex I.

PART II

COMMON FOOD SAFETY AREA

ARTICLE 5

Establishment and objectives of the Common Food Safety Area

1. The Parties hereby establish a Common Food Safety Area.
2. The objectives of the Common Food Safety Area are the following:
 - (a) enhancing food and feed safety along the entire food chain;
 - (b) ensuring a high level of human, animal and plant health along the food chain and in all areas of activity for which a key objective is the fight against the possible spread of animal diseases, including those transmissible to humans, or of pests injurious to plants or plant products, and to ensure the protection of the environment from risks that might arise from plant protection products;
 - (c) implementing in an integrated way harmonised standards applicable to the entire food chain;
 - (d) increasing efforts to combat antimicrobial resistance;
 - (e) enhancing animal protection and promoting high standards of animal welfare; and

- (f) deepening the Parties' joint efforts to coordinate their positions and to support each other in their work within international organisations.

ARTICLE 6

Functioning of the Common Food Safety Area

The Parties shall ensure the effective functioning of the Common Food Safety Area. For that purpose, the Union shall not consider Switzerland as a third country with regard to the legal acts of the Union which are integrated into this Protocol in accordance with Article 13 or which have to be temporarily applied in accordance with Article 15, provided that Switzerland fulfils its obligation to apply all of those legal acts in accordance with this Protocol.

ARTICLE 7

Exceptions

1. The obligation to integrate legal acts set out in Article 13 as well as the obligation to temporarily apply legal acts adopted on the basis of any of the legal acts listed in Annex I set out in Article 15 shall not apply to the following areas:
 - (a) the deliberate release into the environment of genetically modified organisms and the placing on the market of products containing or consisting of genetically modified organisms and of food and feed produced from genetically modified organisms.

In this area, Switzerland may continue to apply provisions of Swiss law subject to the following conditions:

- Switzerland allows the placing on the market of food and feed authorised in the Union containing adventitious or technically unavoidable traces of material containing, consisting of or produced from genetically modified organisms not exceeding the threshold laid down in Union law, above which that food or feed must be labelled as containing genetically modified organisms or as produced from genetically modified organisms;
 - Switzerland allows the placing on the market and use of feed produced from genetically modified organisms, which has been authorised in the Union.
- (b) animal welfare, including concerning the minimum standards for the protection of animals bred or kept for farming purposes, the protection of live vertebrate animals during transport and related operations as well as certain mandatory labelling requirements.

In this area, Switzerland may continue to apply provisions of Swiss law:

- (i) concerning the protection of animals kept for farming purposes;
- (ii) concerning the transport of animals within its territory, including the transit of bovines, ovines, caprines, porcines, horses or poultry for slaughter, and establishing that such transit is only allowed by rail or air;

- (iii) concerning the mandatory labelling of animal products produced by painful procedures without anaesthesia or produced by forced feeding, and establishing that:
- products imported into Switzerland obtained from animals that have undergone painful procedures without prior anaesthesia must be specifically labelled when made available to consumers. Techniques such as dehorning, castration, tail docking, beak trimming or cutting off frog legs are covered by the term "painful procedures" if carried out without prior anaesthesia. The mandatory labelling requirement shall not apply if a ban of such practices is regulated by law in the country of origin or if the production is certified as free from those practices;
 - products resulting from a production process which includes forced feeding must be specifically labelled when made available to consumers in Switzerland;
- (iv) concerning the labelling requirements regarding the rearing of domestic rabbits and laying hens for egg production, establishing that hen's eggs and rabbit meat from cage rearing imported into Switzerland must be specifically labelled when made available to consumers in Switzerland. That mandatory labelling requirement shall not apply if a ban of such practices is legally regulated in the country of origin or if the production is certified as free from those practices;
- (v) establishing and applying an import ban for furs and fur products produced in a cruel manner;

- (c) import of bovine meat from cattle potentially treated with hormonal growth-promoters.

In this area, Switzerland may continue to apply provisions of Swiss law subject to the following conditions:

- such meat is imported for domestic consumption only and placing such meat on the market in the Union remains prohibited;
- the use of such meat is confined to direct selling by retail establishments to consumers under appropriate labelling conditions;
- such meat is introduced into Switzerland exclusively through Swiss border inspection posts;
- an appropriate traceability and channeling system that prevents any possibility of such meat being subsequently introduced into the territory of the Member States of the Union is provided;
- Switzerland shall report every year to the European Commission (hereinafter "Commission") on the origin and destination of the imports, and provide it with an account of the checks carried out to ensure compliance with the conditions listed in the foregoing indents.

2. Upon request by one of the Parties, important developments in the legal order of the Parties related to the areas referred to in paragraph 1 shall be discussed within the Joint Committee on Food Safety.

ARTICLE 8

Support in international organisations

The Parties agree to endeavour to coordinate their positions and support each other in international organisations in the field covered by the Common Food Safety Area.

ARTICLE 9

Financial contribution

1. Switzerland shall contribute to the financing of the activities of the Union agencies, information systems and other activities listed in Article 1 of Annex II to which it has access, in accordance with this Article and Annex II.

The Joint Committee on Food Safety may adopt a decision to amend Annex II.

2. The Union may suspend the participation of Switzerland in the activities referred to in paragraph 1 of this Article at any time if Switzerland fails to meet the payment deadline in accordance with the terms of payment set out in Article 2 of Annex II.

Where Switzerland fails to meet a payment deadline, the Union shall send Switzerland a formal letter of reminder. Where no full payment is made within 30 days of the date of reception of that formal letter of reminder, the Union may suspend the participation of Switzerland in the relevant activity.

3. The financial contribution shall take the form of the sum of:

(a) an operational contribution; and

(b) a participation fee.

4. The financial contribution shall take the form of an annual financial contribution and shall be due at the dates specified in the calls for funds issued by the Commission.

5. The operational contribution shall be based on a contribution key defined as the ratio of the gross domestic product (hereinafter referred to as "GDP") of Switzerland at market prices to the GDP of the Union at market prices.

For that purpose, the figures for GDP at market prices of the Parties shall be the latest such figures available as of 1 January of the year in which the annual payment is made as provided by the Statistical Office of the European Union (EUROSTAT), with due regard to the Agreement between the European Community and the Swiss Confederation on cooperation in the field of statistics, done at Luxembourg on 26 October 2004. If that agreement ceases to apply, the GDP of Switzerland shall be the one established on the basis of data provided by the Organisation for Economic Co-operation and Development.

6. The operational contribution for each Union agency shall be calculated by applying the contribution key to its annual voted budget inscribed on the relevant Union budget subsidy line(s) of the year in question, taking into account for each agency any adjusted operational contribution as defined in Article 1 of Annex II.

The operational contribution for the information systems and other activities shall be calculated by applying the contribution key to the relevant budget of the year in question as set out in documents implementing the budget, such as work programmes or contracts.

All reference amounts shall be based on commitment appropriations.

7. The annual participation fee shall be 4 % of the annual operational contribution as calculated in accordance with paragraphs 5 and 6.

8. The Commission shall provide Switzerland with adequate information in relation to the calculation of its financial contribution. That information shall be provided having due regard to the Union's confidentiality and data protection rules.

9. All financial contributions by Switzerland or payments from the Union, and the calculation of amounts due or to be received shall be made in euro.

10. Where the entry into force of this Protocol does not coincide with the beginning of a calendar year, Switzerland's operational contribution for the year in question shall be subject to adjustment, according to the methodology and terms of payment defined in Article 4 of Annex II.

11. Detailed provisions for the application of this Article are set out in Annex II.

12. Three years following the entry into force of this Protocol, and every three years subsequently, the Joint Committee on Food Safety shall review the conditions of Switzerland's participation as defined in Article 1 of Annex II and, where appropriate, adapt them.

CHAPTER 2

ALIGNMENT OF THE PROTOCOL WITH LEGAL ACTS OF THE UNION

ARTICLE 12

Participation in the drafting of legal acts of the Union ("decision shaping")

1. When drafting a proposal for a legal act of the Union in accordance with the TFEU in the field covered by this Protocol, the Commission shall inform Switzerland thereof and shall informally consult Switzerland's experts in the same way that it asks for the views of experts from the Member States of the Union for the drafting of its proposals.

At the request of either Party, a preliminary exchange of views shall take place within the Joint Committee on Food Safety.

The Parties shall consult each other again, at the request of either of them, within the Joint Committee on Food Safety at important moments of the phase preceding the adoption of the legal act by the Union, in a continuous process of information and consultation.

2. When preparing, in accordance with the TFEU, delegated acts concerning basic acts of Union law in the field covered by this Protocol, the Commission shall ensure that Switzerland has the widest possible participation in the preparation of the drafts and shall consult Switzerland's experts on the same basis as it consults the experts of the Member States of the Union.

3. When preparing, in accordance with the TFEU, implementing acts concerning basic acts of Union law in the field covered by this Protocol, the Commission shall ensure that Switzerland has the widest possible participation in the preparation of the drafts to be submitted later on to the committees assisting the Commission in the exercise of its implementing powers and shall consult Switzerland's experts on the same basis as it consults the experts from the Member States of the Union.

4. Switzerland's experts shall be involved in the work of committees not covered by paragraphs 2 and 3 where this is required for the proper functioning of this Protocol. A list of those committees and, where appropriate, of other committees with similar characteristics, shall be drawn up and updated by the Joint Committee on Food Safety.

5. This Article shall not apply with regard to legal acts of the Union or provisions thereof falling within the scope of an exception referred to in Article 13(7).

ARTICLE 13

Integration of legal acts of the Union

1. In order to guarantee legal certainty and the homogeneity of the law in the field related to the internal market in which Switzerland participates by virtue of this Protocol, Switzerland and the Union shall ensure that legal acts of the Union adopted in the field covered by this Protocol are integrated into this Protocol as quickly as possible after their adoption.
2. Legal acts of the Union integrated into this Protocol in accordance with paragraph 4 shall be, by their integration into this Protocol, part of the legal order of Switzerland subject, as the case may be, to the adaptations decided upon by the Joint Committee on Food Safety.
3. When it adopts a legal act in the field covered by this Protocol, the Union shall inform Switzerland thereof as quickly as possible through the Joint Committee on Food Safety. At the request of either of the Parties, the Joint Committee on Food Safety shall conduct an exchange of views on the subject.
4. The Joint Committee on Food Safety shall act in accordance with paragraph 1 by adopting a decision as quickly as possible to amend Section 2 of Annex I, including the necessary adaptations.
5. Without prejudice to paragraphs 1 and 2, if necessary in order to ensure coherence of this Protocol with Annex I as amended pursuant to paragraph 4, the Joint Committee on Food Safety may propose, for approval by the Parties according to their internal procedures, the revision of this Protocol.

6. References in this Protocol to legal acts of the Union that are no longer in force shall be construed as references to the repealing legal act of the Union as integrated into Annex I to this Protocol as from the entry into force of the Joint Committee on Food Safety's decision on the corresponding amendment of Annex I to this Protocol pursuant to paragraph 4, unless otherwise provided in that decision.
7. The obligation set out in paragraph 1 shall not apply to legal acts of the Union or provisions thereof falling within the scope of an exception listed in Article 7.
8. Subject to Article 14, decisions of the Joint Committee on Food Safety pursuant to paragraph 4 shall enter into force immediately, but under no circumstances before the date on which the corresponding legal act of the Union becomes applicable in the Union.
9. The Parties shall cooperate in good faith throughout the procedure set out in this Article in order to facilitate decision-making.

ARTICLE 14

Fulfilment of constitutional obligations by Switzerland

1. During the exchange of views referred to in Article 13(3), Switzerland shall inform the Union whether a decision as referred to in Article 13(4) requires the fulfilment of constitutional obligations by Switzerland in order to become binding.

2. Where the decision referred to in Article 13(4) requires Switzerland to fulfil constitutional obligations in order to become binding, Switzerland shall have a time limit of two years maximum from the date of the information provided for in paragraph 1, except where a referendum procedure is launched, in which case this period shall be extended by one year.

3. Pending the information by Switzerland that it has fulfilled its constitutional obligations, the Parties shall provisionally apply the decision referred to in Article 13(4), unless Switzerland informs the Union that the provisional application of the decision is not possible and provides the reasons for this.

Under no circumstances can the provisional application occur before the date on which the corresponding legal act of the Union becomes applicable in the Union.

4. Switzerland shall notify the Union without delay through the Joint Committee on Food Safety once it has fulfilled the constitutional obligations referred to in paragraph 1.

5. The decision shall enter into force on the day on which the notification provided for in paragraph 4 is delivered, but under no circumstances before the date on which the corresponding legal act of the Union becomes applicable in the Union.

ARTICLE 15

Temporary application of legal acts adopted on the basis of any of the legal acts listed in Annex I

1. If a legal act adopted on the basis of any of the legal acts listed in Annex I is applicable in the Union before the respective decision of the Joint Committee on Food Safety has been adopted pursuant to Article 13(4), Switzerland shall temporarily apply that act as from the date of its application in the Union in order to guarantee its simultaneous application.

Any temporary application pursuant to the first subparagraph of this paragraph shall end with the entry into force of the decision of the Joint Committee on Food Safety in accordance with Article 13(8) or its provisional application in accordance with Article 14(3), unless the Joint Committee on Food Safety decides on a later point in time.

2. Where, in exceptional circumstances and for objectively justified reasons, Switzerland is unable to temporarily apply a legal act in whole or in part pursuant to paragraph 1, it shall immediately notify the Joint Committee on Food Safety, providing the reasons for its inability to do so. The Parties shall consult each other at the earliest occasion within the Joint Committee on Food Safety.

3. If and to the extent that Switzerland does not temporarily or provisionally apply a legal act in accordance with paragraph 1, the Union may take the measures necessary to ensure the integrity of its Food Safety Area. The Union shall immediately notify those measures to the Joint Committee on Food Safety and provide the reasons for doing so.

ARTICLE 16

Publication of legal acts adopted on the basis of any of the legal acts listed in Annex I

The Parties shall promptly and in an easily accessible manner publish and keep up to date a list of the non-legislative legal acts adopted on the basis of any of the legal acts listed in Annex I which are integrated into this Protocol in accordance with Article 13 or which have to be temporarily applied in accordance with Article 15.

CHAPTER 3

INTERPRETATION AND APPLICATION OF THE PROTOCOL

ARTICLE 17

Uniform interpretation principle

1. For the purpose of achieving the objectives set out in this Protocol and in accordance with the principles of public international law, the bilateral agreements in the fields related to the internal market in which Switzerland participates and the legal acts of the Union to which reference is made in such agreements shall be uniformly interpreted and applied in the fields related to the internal market in which Switzerland participates.

2. The legal acts of the Union to which reference is made in this Protocol and, to the extent that their application involves concepts of Union law, the provisions of this Protocol shall be interpreted and applied in accordance with the case law of the Court of Justice of the European Union, prior or subsequent to the signature of this Protocol.

ARTICLE 18

Effective and harmonious application principle

1. The Commission and the competent Swiss authorities shall cooperate and assist each other in ensuring the surveillance of the application of this Protocol. They may exchange information on the activities of surveillance of the application of this Protocol. They may exchange views and discuss issues of mutual interest.
2. Each Party shall take appropriate measures to ensure the effective and harmonious application of this Protocol on its territory.
3. The surveillance of the application of this Protocol shall be carried out jointly by the Parties within the Joint Committee on Food Safety.

If the Commission or the competent Swiss authorities become aware of a case of incorrect application, the matter may be referred to the Joint Committee on Food Safety with a view to finding an acceptable solution.

4. The Commission and the competent Swiss authorities respectively shall monitor the application of this Protocol by the other Party. The procedure provided for in Article 20 applies.

To the extent that certain surveillance competences of the institutions of the Union as regards one Party are necessary to ensure the effective and harmonious application of this Protocol, such as investigation and decision powers, this Protocol must foresee them specifically.

ARTICLE 19

Exclusivity principle

The Parties undertake not to submit a dispute regarding the interpretation or application of this Protocol and of the legal acts of the Union to which reference is made in this Protocol or, where applicable, regarding the conformity with this Protocol of a decision adopted by the Commission on the basis of this Protocol to any method of settlement other than those provided for in this Protocol.

ARTICLE 20

Procedure in the event of difficulty of interpretation or application

1. In the event of difficulty of interpretation or application of this Protocol or of a legal act of the Union to which reference is made in this Protocol, the Parties shall consult each other within the Joint Committee on Food Safety in order to find a mutually acceptable solution. To this end, all useful elements of information shall be provided to the Joint Committee on Food Safety to enable it to make a detailed examination of the situation. The Joint Committee on Food Safety shall examine all possibilities that allow the proper functioning of this Protocol to be maintained.
2. If the Joint Committee on Food Safety is not able to find a solution to the difficulty referred to in paragraph 1 within three months of the date on which the difficulty was submitted to it, either of the Parties may request that an arbitral tribunal settle the dispute in accordance with the rules laid down in Appendix 1.
3. Where the dispute raises a question concerning the interpretation or application of a provision referred to in Article 17(2), and if the interpretation of that provision is relevant to the settlement of the dispute and necessary to enable it to decide, the arbitral tribunal shall refer that question to the Court of Justice of the European Union.

4. A preliminary objection of lack of jurisdiction of the arbitral tribunal shall be made at the latest in the statement of defence or, in the case of a counterclaim, in the reply. The fact that a party has appointed an arbitrator or has taken part in their appointment shall not deprive it of the right to make such a preliminary objection. The preliminary objection that the dispute would exceed the arbitral tribunal's powers shall be made as soon as the question alleged to exceed its powers is raised during the arbitration proceedings. In any event, the arbitral tribunal may allow a preliminary objection made after the time limit laid down has elapsed if it believes that the delay was for a valid reason.

2. The arbitral tribunal may make a referral to the Court of Justice of the European Union at any time in the proceedings, provided that the arbitral tribunal is able to define precisely enough the legal and factual background of the case, and the legal questions it raises.

The proceedings before the arbitral tribunal shall be suspended until the Court of Justice of the European Union has delivered its ruling.

3. Each party may send a reasoned request to the arbitral tribunal to make a referral to the Court of Justice of the European Union. The arbitral tribunal shall reject such a request if it considers the conditions for a referral to the Court of Justice of the European Union referred to in paragraph 1 not to be met. If the arbitral tribunal rejects a party's request for a referral to the Court of Justice of the European Union, it shall give reasons for its decision in the decision on the substance of the case.

It shall contain all the evidence and offers of evidence available to justify the grant of the interim measures.

3. The party requesting the interim measures shall send its application in writing to the other party and to the arbitral tribunal through the International Bureau. The arbitral tribunal shall set a short time limit within which that other party may submit written or oral observations.
4. The arbitral tribunal shall, within one month of the submission of the application referred to in paragraph 1, adopt a decision on the suspension of the contested compensatory measures if the following conditions are met:

 - (b) the arbitral tribunal considers that, pending its final decision, the party requesting the interim measures would suffer serious and irreparable harm absent the suspension of the compensatory measures; and
 - (c) the harm caused to the party requesting the interim measures by the immediate application of the contested compensatory measures outweighs the interest in the immediate and effective application of those measures.
5. The suspension of proceedings referred to in the second subparagraph of Article III.9(2) shall not apply in proceedings pursuant to this Article.
6. A decision taken by the arbitral tribunal in accordance with paragraph 4 shall have only an interim effect and shall be without prejudice to the decision of the arbitral tribunal on the substance of the case.

7. Unless the decision taken by the arbitral tribunal in accordance with paragraph 4 of this Article sets an earlier date for the end of the suspension, the suspension shall lapse when the final decision pursuant to Article 21(2) of the Protocol is taken.

8. For the avoidance of doubt, for the purposes of this Article, it is understood that, in considering the respective interests of the party requesting the interim measures and the other party, the arbitral tribunal shall take into account those of the individuals and economic operators of the parties, but that consideration shall not amount to granting any standing to such individuals or economic operators before the arbitral tribunal.

ARTICLE III.11

Evidence

1. Each party shall provide evidence of the facts forming the grounds of its claim or its defence.
2. On request of a party, or on its own initiative, the arbitral tribunal may seek from the parties relevant information it considers necessary and appropriate. The arbitral tribunal shall set a time limit for the parties to respond to its request.

3. Minutes of each hearing shall be drawn up and signed by the chair of the arbitral tribunal. Only those minutes shall be authentic.

4. The arbitral tribunal may decide to hold the hearing virtually in accordance with the practice of the International Bureau. The parties shall be informed of this practice in a timely manner. In such cases, paragraph 1, *mutatis mutandis*, and paragraph 3 shall apply.

ARTICLE III.13

If, within the time limit set by this Appendix or by the arbitral tribunal, without showing sufficient cause, the applicant has not submitted its statement of claim, the arbitral tribunal shall order the closure of the arbitration proceedings, unless there are outstanding questions on which a ruling may be necessary and if the arbitral tribunal considers it appropriate to do so.

If, within the time limit set by this Appendix or by the arbitral tribunal, without showing sufficient cause, the defendant has not submitted its response to the notice of arbitration or its statement of defence, the arbitral tribunal shall order the continuation of the proceedings, without considering that default of itself to constitute acceptance of the applicant's allegations.

When making the decision of the arbitral tribunal public, the International Bureau shall respect the relevant rules on the protection of personal data, professional secrecy and the legitimate interests of confidentiality.

The rules referred to in the second subparagraph shall be identical for all bilateral agreements in the fields of the internal market in which Switzerland participates as well as for the Agreement on health, the Agreement on trade in agricultural products and the Agreement on Switzerland's regular financial contribution. The Joint Committee on Food Safety shall adopt and update those rules by a decision for the purposes of the Protocol.

5. The parties shall comply with all decisions of the arbitral tribunal without delay.

6. In the cases referred to in Article 20(2) of the Protocol, having obtained the opinion of the parties, the arbitral tribunal shall set a reasonable time limit in the decision on the substance of the case to comply with its decision in accordance with Article 20(5) of the Protocol taking account of the parties' internal procedures.

ARTICLE IV.3

Applicable law, rules of interpretation, mediator

1. The applicable law consists of the Protocol, the legal acts of the Union to which reference is made therein, as well as any other rule of international law relevant to the application of those instruments.

2. The arbitral tribunal shall decide in accordance with the rules of interpretation referred to in Article 17 of the Protocol.
3. Prior decisions taken by a dispute settlement body with regard to the proportionality of compensatory measures under another bilateral agreement among those referred to in Article 21(2) of the Protocol shall be binding upon the arbitral tribunal.
4. The arbitral tribunal shall not be permitted to decide as mediator or *ex aequo et bono*.

ARTICLE IV.4

Mutually agreed solution or other reasons for closure of the proceedings

1. The parties may, at any time, mutually agree a solution to their dispute. They shall jointly communicate any such solution to the arbitral tribunal. If the solution requires approval pursuant to the relevant domestic procedures of either party, the notification shall refer to that requirement, and the arbitration procedure shall be suspended. If such approval is not required, or upon notification of the completion of any such domestic procedures, the arbitration procedure shall be closed.
2. If, in the course of proceedings, the applicant informs the arbitral tribunal in writing that it does not wish to further pursue the proceedings, and if, at the date on which that communication is received by the arbitral tribunal, the defendant has not yet taken any step in the proceedings, the arbitral tribunal shall issue an order officially recording the closure of the proceedings. The arbitral tribunal shall decide on the costs, which shall be borne by the applicant, if this appears justified by the conduct of that party.

3. If, before the decision of the arbitral tribunal is taken, the arbitral tribunal concludes that the continuation of the proceedings has become pointless or impossible for any reason other than those referred to in paragraphs 1 and 2, the arbitral tribunal shall inform the parties of its intention to issue an order closing the proceedings.

The first subparagraph does not apply where there are outstanding questions on which it may be necessary to rule and if the arbitral tribunal judges it appropriate to do so.

4. The arbitral tribunal shall communicate to the parties a copy of the order closing the arbitration proceedings or of the decision taken by agreement between the parties, signed by the arbitrators. Article IV.2(2) to (5) shall apply to arbitration decisions taken by agreement between the parties.

ARTICLE IV.5

Correction of the decision of the arbitral tribunal

1. Within 30 days of receiving the decision of the arbitral tribunal, a party may, by giving notice to the other party and to the arbitral tribunal through the International Bureau, ask the arbitral tribunal to correct in the text of the decision of the arbitral tribunal any errors in computation, any clerical or typographical errors, or any errors or omissions of a similar nature. If it considers the request to be justified, the arbitral tribunal shall make the correction within 45 days of receiving the request. The request shall not have a suspensive effect on the time limit provided for in Article IV.2(6).

2. The arbitral tribunal may, within 30 days of communicating its decision, make the corrections referred to in paragraph 1 on its own initiative.
3. The corrections referred to in paragraph 1 of this Article shall be done in writing and form an integral part of the decision. Article IV.2(2) to (5) shall apply.

ARTICLE IV.6

Arbitrators' fees

1. The fees referred to in Article IV.7 shall be reasonable, taking account of the complexity of the case, the time spent on it by the arbitrators and all other relevant circumstances.
2. A list of daily compensation and maximum and minimum hours, which shall be common to all bilateral agreements in the fields related to the internal market in which Switzerland participates as well as the Agreement on health, the Agreement on trade in agricultural products and the Agreement on Switzerland's regular financial contribution, shall be established and updated when necessary. The Joint Committee on Food Safety shall adopt and update that list by a decision for the purposes of the Protocol.

ARTICLE IV.7

Costs

1. Each party shall bear its own costs and half of the costs of the arbitral tribunal.

2. The arbitral tribunal shall set its costs in its decision on the substance of the case. Those costs shall include only:

- (a) the arbitrators' fees, to be stated separately for each arbitrator and to be set by the arbitral tribunal itself in accordance with Article IV.6;
- (b) the travel and other expenses incurred by the arbitrators; and
- (c) the fees and expenses of the International Bureau.

3. The costs referred to in paragraph 2 shall be reasonable, taking account of the amount in dispute, the complexity of the dispute, the time that the arbitrators and any experts appointed by the arbitral tribunal have spent on it and any other relevant circumstances.

ARTICLE IV.8

Deposit of costs

1. At the start of the arbitration, the International Bureau may ask the parties to deposit an equal amount as an advance for the costs referred to in Article IV.7(2).

2. During the arbitration proceedings, the International Bureau may request from the parties deposits supplementary to those referred to in paragraph 1.

3. All amounts deposited by the parties in application of this Article shall be paid to the International Bureau and paid out by it to cover the costs actually incurred, including, in particular, the fees paid to the arbitrators and to the International Bureau.
