DRAFT

DECLARATION OF THE EUROPEAN COMMISSION

on the Safeguard Mechanism

referred to in paragraph 2(b) of Section D

**of the Decision of the Heads of State or Government, meeting within the European Council,
concerning a new settlement for the United Kingdom within the European Union**

With reference to paragraph 2(b) of Section D of the Decision of the Heads of State or Government, meeting within the European Council, concerning a new settlement for the United Kingdom within the European Union, the European Commission will table a proposal to amend Regulation 492/2011 on freedom of movement for workers within the Union to provide for a safeguard mechanism with the understanding that it can and will be used and therefore will act as a solution to the United Kingdom's concerns about the exceptional inflow of workers from elsewhere in the European Union that it has seen over the last years.

The European Commission considers that the kind of information provided to it by the United Kingdom shows the type of exceptional situation that the proposed safeguard mechanism is intended to cover exists in the United Kingdom today. Accordingly, the United Kingdom would be justified in triggering the mechanism in the full expectation of obtaining approval.
